Chairman Mr. Egan called to order the Regular December meeting of the Historic District Commission at 3:05 pm. He began the meeting by introducing the Staff and Commissioners and explaining the procedure. All interested parties planning to give testimony—pro or con—must have completed a blue form and must be sworn in. HDC Staff will present a description of the proposed project. HDC Staff will then make a Staff recommendation based on compliance with the Policy & Design Guidelines. The Commission and Staff may question the Applicant. The Applicant may present sworn witnesses who will be subject to questioning by the Commission and Staff. Other interested parties wishing to speak—pro or con—will be given reasonable time to present sworn testimony. The Applicant will be given an opportunity to respond to comments by interested parties. After hearing each application, the Commission will review, discuss, and consider the information that has been gathered and presented. A Motion for Approval, Continuation, or Denial will be made. All exhibits remain with the Commission. If an Applicant feels there is a conflict of interest of any Commissioner or there is an association that would be prejudicial, it will be revealed at the beginning of the hearing of a particular case. The Commission is a quasi-judicial body and can accept only sworn testimony. Staff will report any additional comments received. While the Commission will not specifically exclude hearsay evidence, it is only given limited weight. Appeal from the Historic District Commission is to the Zoning Board of Adjustment. One has sixty (60) days from the date of the Approval or Denial to appeal. This is in accordance with Section 10.213 of the City Zoning Ordinance. Mr. Ristaino asked that everyone please
turn to silent operation any electronic devices. Commissioners are asked to announce, for the record, if one leaves or arrives during the meeting. Mr. Ristaino said that those in the audience must be quiet during the hearings. He will ask once that an audience member be quiet and the need for a second request will be removal from the room.

**APPLICATION: HDC 2014-226 — 704 East Park Avenue — Addition.**

This application was continued from November for the following revisions: 1) Rear yard open space calculation, 2) Ridge Height, 3) False side window treatment, 4) Adjacent setbacks, 5) Tree replacement location, and 6) Material Notes.

This is a c. 1942 one story brick house overlooking Latta Park. The front door is recessed from the front thermal wall and to the far right. The roof is a side to side cross gable. This house is listed as Non-Contributing in the Dilworth National Register Survey (most likely because it was not quite 50 years old when the Survey was done in the mid-1980s).

**Proposal-September 10, 2014**

Additions include a large front facing gable entered over two pair of windows (existing bay window will be removed and replaced with the two pair of windows). Existing windows to the left of the front will be removed and replaced with another two pair of windows. A pair of windows will be added in new front facing gable. All windows will match each other in a pattern of 4 vertical over one. A small shed dormer will be centered over the left pair of windows. A hipped roof front porch will be added across the front and beneath the new gable, Porch roof will be supported by wooden columns atop brick piers. The pitch of the right side gable will be increased to accommodate the new second floor. One story hipped roof rear addition will extend into back yard. Left elevation has a new gable to accommodate second floor. All new siding will be shakes. New windows provide a unified style.

**Revised Proposal – November 12, 2014**

The application is resubmitted before the 6 month rule based on substantial redesign from the denied application. A summary of the changes to reflect less-ornate 1940s era houses include:

1. Front Elevation
   a. Lower front gable.
b. Window light pattern and details reflect existing.
c. Less detailed roof. Includes duplication of dentil mold from existing structure.
d. Gable material changed to brick.

2. Side Elevations
   a. Single gable changed to offset gables.
   b. Gable material changed to brick and wood lap siding.
   c. Window light pattern and details reflect existing.
   d. Simplified porch columns.

3. Rear Elevation
   a. Siding material changed to wood lap.
   b. Window light pattern and design reflects existing.

The applicant is also requesting the removal of a tree in the rear yard and a new brick patio.

**Revised Proposal – December 10, 2014**

The following is a summary of the plan revisions:
1. Adjacent setbacks included.
2. Rear yard open space – 76.8%.
3. Tree location in the rear yard shown on site plan.
4. Ridge height from FFE is approx. 22’-2.5” and 25’-3” from grade, shown as the maximum.
5. Left side false window treatment noted.
6. Material notes included.

**STAFF RECOMMENDATION:** The Commission shall determine if the proposal addresses the unresolved issues and meets the guidelines.

**FOR/AGAINST:** Neighborhood resident John Phares spoke in opposition.

**MOTION:** Based on compliance with *Policy & Design Guidelines – Addition*, Mr. Ristaino MADE a MOTION to APPROVE 1) similar size, 2) scale is good, 3) Massing proportions are good, 4) Fenestration match, 5) Rhythm is compatible, 6) setbacks good, 7) materials match house, 8) context is similar to the adjacent houses, 9) ceiling porch wood reference slide #6 – average setback.. Ms. Marshall seconded.

**DECISION:** APPLICATION FOR ADDITION APPROVED.

**APPLICATION:** HDC 2014-229 – 1940 Park Road – Porte Cochere Addition

The request for the porte cochere addition was continued for the following revisions: 1) The size of the addition, 2) Side yard setback dimension, 3) Scale is out of proportion with the principal structure.

This c. 1940 one and one half story bungalow is listed as a Contributing structure in the Dilworth National Register Survey. It is located beside the traffic circle at Park Road/Tremont Avenue/Brookside Avenue. A rear addition was approved by the Commission September 10, 2014.
Proposal – November 12, 2014
The proposal is the addition of a porte cochere. The addition is connected to the house by a breezeway. Materials (wood) and other design details match the home.

Revised Proposal – December 10, 2014
The following is a summary of the plan revisions:
1. The width of the addition is reduced to 12’ from 13’.
2. The length is reduced to 16’ from 27’.
3. The roof has been changed to a side facing gable to reflect the principal structure

STAFF RECOMMENDATION: The Commission shall determine if the proposal addresses the unresolved issues and meets the guidelines.

FOR/AGAINST: Neighborhood resident Marcia Rowse spoke in opposition.

MOTION: Based on non-compliance with Policy & Design Guidelines – Porte Cochere Additions, Mr. Duffy made a MOTION to DENY failed to meet 1) size – not site compatible, 2) massing - detracts, 3) setbacks – violates by stepping out front, 4) Ms. Titus it does not meet re context. DECISION: APPLICATION FOR TREE REMOVAL APPROVED

Existing Conditions
The existing site is located in the center of a block between East Blvd., Cleveland Ave., East Kingston Ave., and Euclid Ave. with alleyways on three sides. The site is zoned B-1(PED). Primary access to the site will be provided through a driveway from East Boulevard. There are several mature trees around the site. Adjacent structures are single family and multi-family with commercial uses along East Boulevard.

Proposal
The proposal is the construction of a two story quadruplex on the vacant parcel. Plan details include the following:
1. Parking will be provided along the alleyways.
2. Trees to remain are reflected on the site plan.
3. Mechanical systems are located at the rear.
4. Maximum height is approximately 33’-4.75”.
5. Exterior materials are cedar shake and wood lap.
6. Windows are wood.

STAFF RECOMMENDATION: The Commission shall determine if the proposal meets the guidelines for new construction.

MOTION: Based the need for additional information Mr. Duffy made a MOTION to CONTINUE for, 1) size calculations, 2) Scale is ok, 3) Massing verify building height, 4) fenestration, 5) wall section, 6) shutters need to be correct, 7) setbacks ok, 8) Design choice batten board, 9) landscape – 3 trees out and 2 back. DECISION: APPLICATION FOR NEW CONSTRUCTION CONTINUED

Existing Conditions: This large house on The Plaza is undergoing a major, recently approved, renovation and addition to the rear and side. A carriage house to be located in the left rear corner has been put on a back burner while the main renovation is accomplished.

Now proposed is a small garden shed, highly detailed of natural materials, to the left of the house and behind the existing porte cochere. But the location is technically the side yard which brings it to the full Commission.

STAFF RECOMMENDATION: The Commission shall determine if the proposed accessory structure’s location is an exception to Policy & Design Guidelines warranted by the large side yard and highly landscaped lot.

MOTION: Based on non-compliance with Policy & Design Guidelines Shed in the side yard Ms. Titus determined the changes presented did not reflect the design, scale and style of the original structure. In particular, the following design guidelines were deemed in violation 1) Context – Accessory buildings are not allowed in the side yards within local historic districts. Therefore, and exception to the Policy and Design Guidelines was not granted. Ms. Yarbrough seconded.

DECISION: APPLICATION FOR NEW CONSTRUCTION CONTINUED

Application: HDC 2014-233 – 1125 Belgrave Place - Fence

This application was continued for insufficient information: 1) Exterior elevation of the fence.

Details of Proposed Request
Existing Conditions
The site is a single family home on the edge of the District. The abutting property to the rear is zoned O-2 (Office) and is currently being developed as a 5-story, 184 unit multi-family building. An 8’ tall privacy fence, approved by the HDC in 1993, exists along the rear of an adjacent single family property.

Proposal
The proposal is the construction of an 8’ tall section of privacy fence in the rear yard to help screen the multi-family building.

Revised Proposal – December 10, 2014
The revised application clarifies the requested exception for the privacy fence as follows:
1. Request for an exception to construct an 8’ tall privacy along the rear property line.
2. An exception to allow a continuous panel fence design along the exterior to match the adjacent fence, both facing the 5-story multi-family development which is not in the District.
3. The fence panels would step down every few feet, similar to the adjacent fence.

Staff Recommendation: The Commission shall determine if an exception will be granted for an 8’ tall privacy fence along the rear yard given the existing conditions.
MOTION: Based on the need for additional information Ms. Yarbrough made a MOTION to CONTINUE this application for 1) Applicant was not present at 9:50 pm and the meeting began at 3:00 pm, 2) not enough information to approve need a design drawing of property line showing contour and changes in grade. Mr. Duffy seconded.
