
LOCAL HISTORIC DISTRICT: Dilworth

PROPERTY ADDRESS: 425 Rensselear Avenue

SUMMARY OF REQUEST: New Garage

OWNER: Nancy Weekley

APPLICANT: Nancy Weekley

Details of Proposed Request

Existing Conditions

A 1.5 story garage was Staff Approved. However, the garage has been framed as a full two story structure. The Zoning Inspector issued a Notice of Violation and Stop Work Order. The Zoning Administrator has ruled that the small lot prevents a garage being located in the rear yard, leaving the side yard as the only alternative. The principal dwelling is a 1.5 story single family home with a cross gable roof and wood siding. The adjacent corner lot has a driveway and detached garage on the same side as the existing driveway.

Proposal

The proposal is for a detached one car garage with conditioned space above and a rear deck accessed by exterior stairs. Revisions from the previous application include a redesigned roof with a partial hip in the front, slightly lower height, and a more stylized garage door with broader trim.

Policy & Design Guidelines for Garages

1. New garages cannot be located in front or side yards.
2. New garages must be constructed using materials and finishes that are in keeping with the main building they serve, and that are appropriate to the district.
3. Designs for new garages must be inspired by the main building they serve. Building details should be derived from the main structure.
4. Garages must be of a proper scale for the property, and must have an appropriate site relation to the main structure on a lot and to structures on surrounding properties.
5. Garage doors that are substantially visible from any street must be of a style and materials that are appropriate to the building and the district. Stamped metal and vinyl doors are considered to be inappropriate, and are discouraged.

Charlotte Historic District Commission
Property Address: 425 Rensselaer Avenue

Staff Analysis

Based on the revisions staff believes the proposal meets the criteria for new garage construction.
