LOCAL HISTORIC DISTRICT: Dilworth

PROPERTY ADDRESS: 800 E. Tremont Avenue

SUMMARY OF REQUEST: Addition

APPLICANT: Bruce Berberick

Details of Proposed Request

Existing Conditions
The existing structure is a 1.5 story Bungalow constructed in 1920 and listed as a contributing structure. Features include exposed rafter tails, eave brackets and dormers on the left and right sides.

Proposal
The proposal is an addition to the existing dormers and the extension of existing roof lines to a total height of approximately 23’ measured from grade. New siding will be cedar shake, roof details will match existing and new windows will be wood STDL.

Policy & Design Guidelines
Additions to existing structures in Local Historic Districts have a responsibility to complement the original structure. Additions should reflect the design, scale and architectural style of the original structure. The following guidelines are intended to encourage addition designs that are compatible with the existing structure, while not fully mimicking the original design.

2. Additions must respect the original character of the property, but must be distinguishable from the original construction.

3. All additions to the front or side of existing properties must be of a design that is sensitive to the character and massing of the existing structure.
4. Additions to the front or side of existing structures that are substantially visible from a street must go before the full Commission.

**Staff Analysis**

The Commission will determine if the proposal meets the applicable guidelines for additions.
