LOCAL HISTORIC DISTRICT: Dilworth

PROPERTY ADDRESS: 1819 Lyndhurst Avenue

SUMMARY OF REQUEST: Second Story Addition

APPLICANT: David Furman

Details of Proposed Request
Existing Conditions
The existing structure is a 1½ story Victorian style structure used as office space. The short block face has three structures facing Lyndhurst Avenue. Design features include a high hip roof, side gables and wraparound porch. Adjacent structures are a variety of one and two story designs.

Proposal
The proposal is a second story addition retaining the front porch and first level viewable from the street. Design features include wood siding, reuse of existing windows and new windows to match existing. Total height will be +/-36’. Mature trees close to the structure will be removed.

Policy & Design Guidelines - Additions
Additions to existing structures in Local Historic Districts have a responsibility to complement the original structure. Additions should reflect the design, scale and architectural style of the original structure. The following guidelines are intended to encourage addition designs that are compatible with the existing structure, while not fully mimicking the original design.

1. All additions will be reviewed for compatibility by the following criteria:
   a. Size the relationship of the project to its site
   b. Scale the relationship of the building to those around it
   c. Massing the relationship of the building’s various parts to each other
   d. Fenestration the placement, style and materials of windows and doors
   e. Rhythm the relationship of fenestration, recesses and projections
   f. Setback in relation to setback of immediate surroundings
   g. Materials proper historic materials or approved substitutes
   h. Context the overall relationship of the project to its surroundings

2. Additions must respect the original character of the property, but must be distinguishable from the original construction.
3. All additions to the front or side of existing properties must be of a design that is sensitive to the character and massing of the existing structure.
4. Additions to the front or side of existing structures that are substantially visible from a street must go before the full Commission.

Staff Analysis
The HDC will determine if the proposal meets the guidelines for Size, Scale, Massing, Fenestration, Rhythm, Materials and Context.
General Notes:
1. The purpose of this Building Heights Sketch is to show existing building foor plate heights relative to the elevation points at the public sidewalk, front yard grade ("Grade"), 1st level, and ridge line of the houses depicted herein. No rear yard or side yard measurements were made. The heights shown herein were derived from indirect measurements and are not intended for structural design.

2. The vertical datum for these elevation measurements is the North American Vertical Datum of 1988 (i.e., sea level). All other information and graphics are conceptual in nature and are not intended to represent accurate architectural or landscape features.
