

PROSPERITY HUCKS ACTIVITY CENTER

Activity Center - North Core

VISION

This is the **heart** of the Prosperity Hucks Activity Center, containing a variety of uses, with an emphasis on **retail**. It will **establish** a sense of place for the community, promote walking, and provide spaces for gathering.

KEY CONCEPTS

Land Use

- **Mix of Uses** – emphasis on retail with employment, residential, and institutional uses.
- **Two or More Uses** – development should include two or more uses.
- **Diversity of Housing** – and only as part of a mixed or multi-use development.

Urban Design

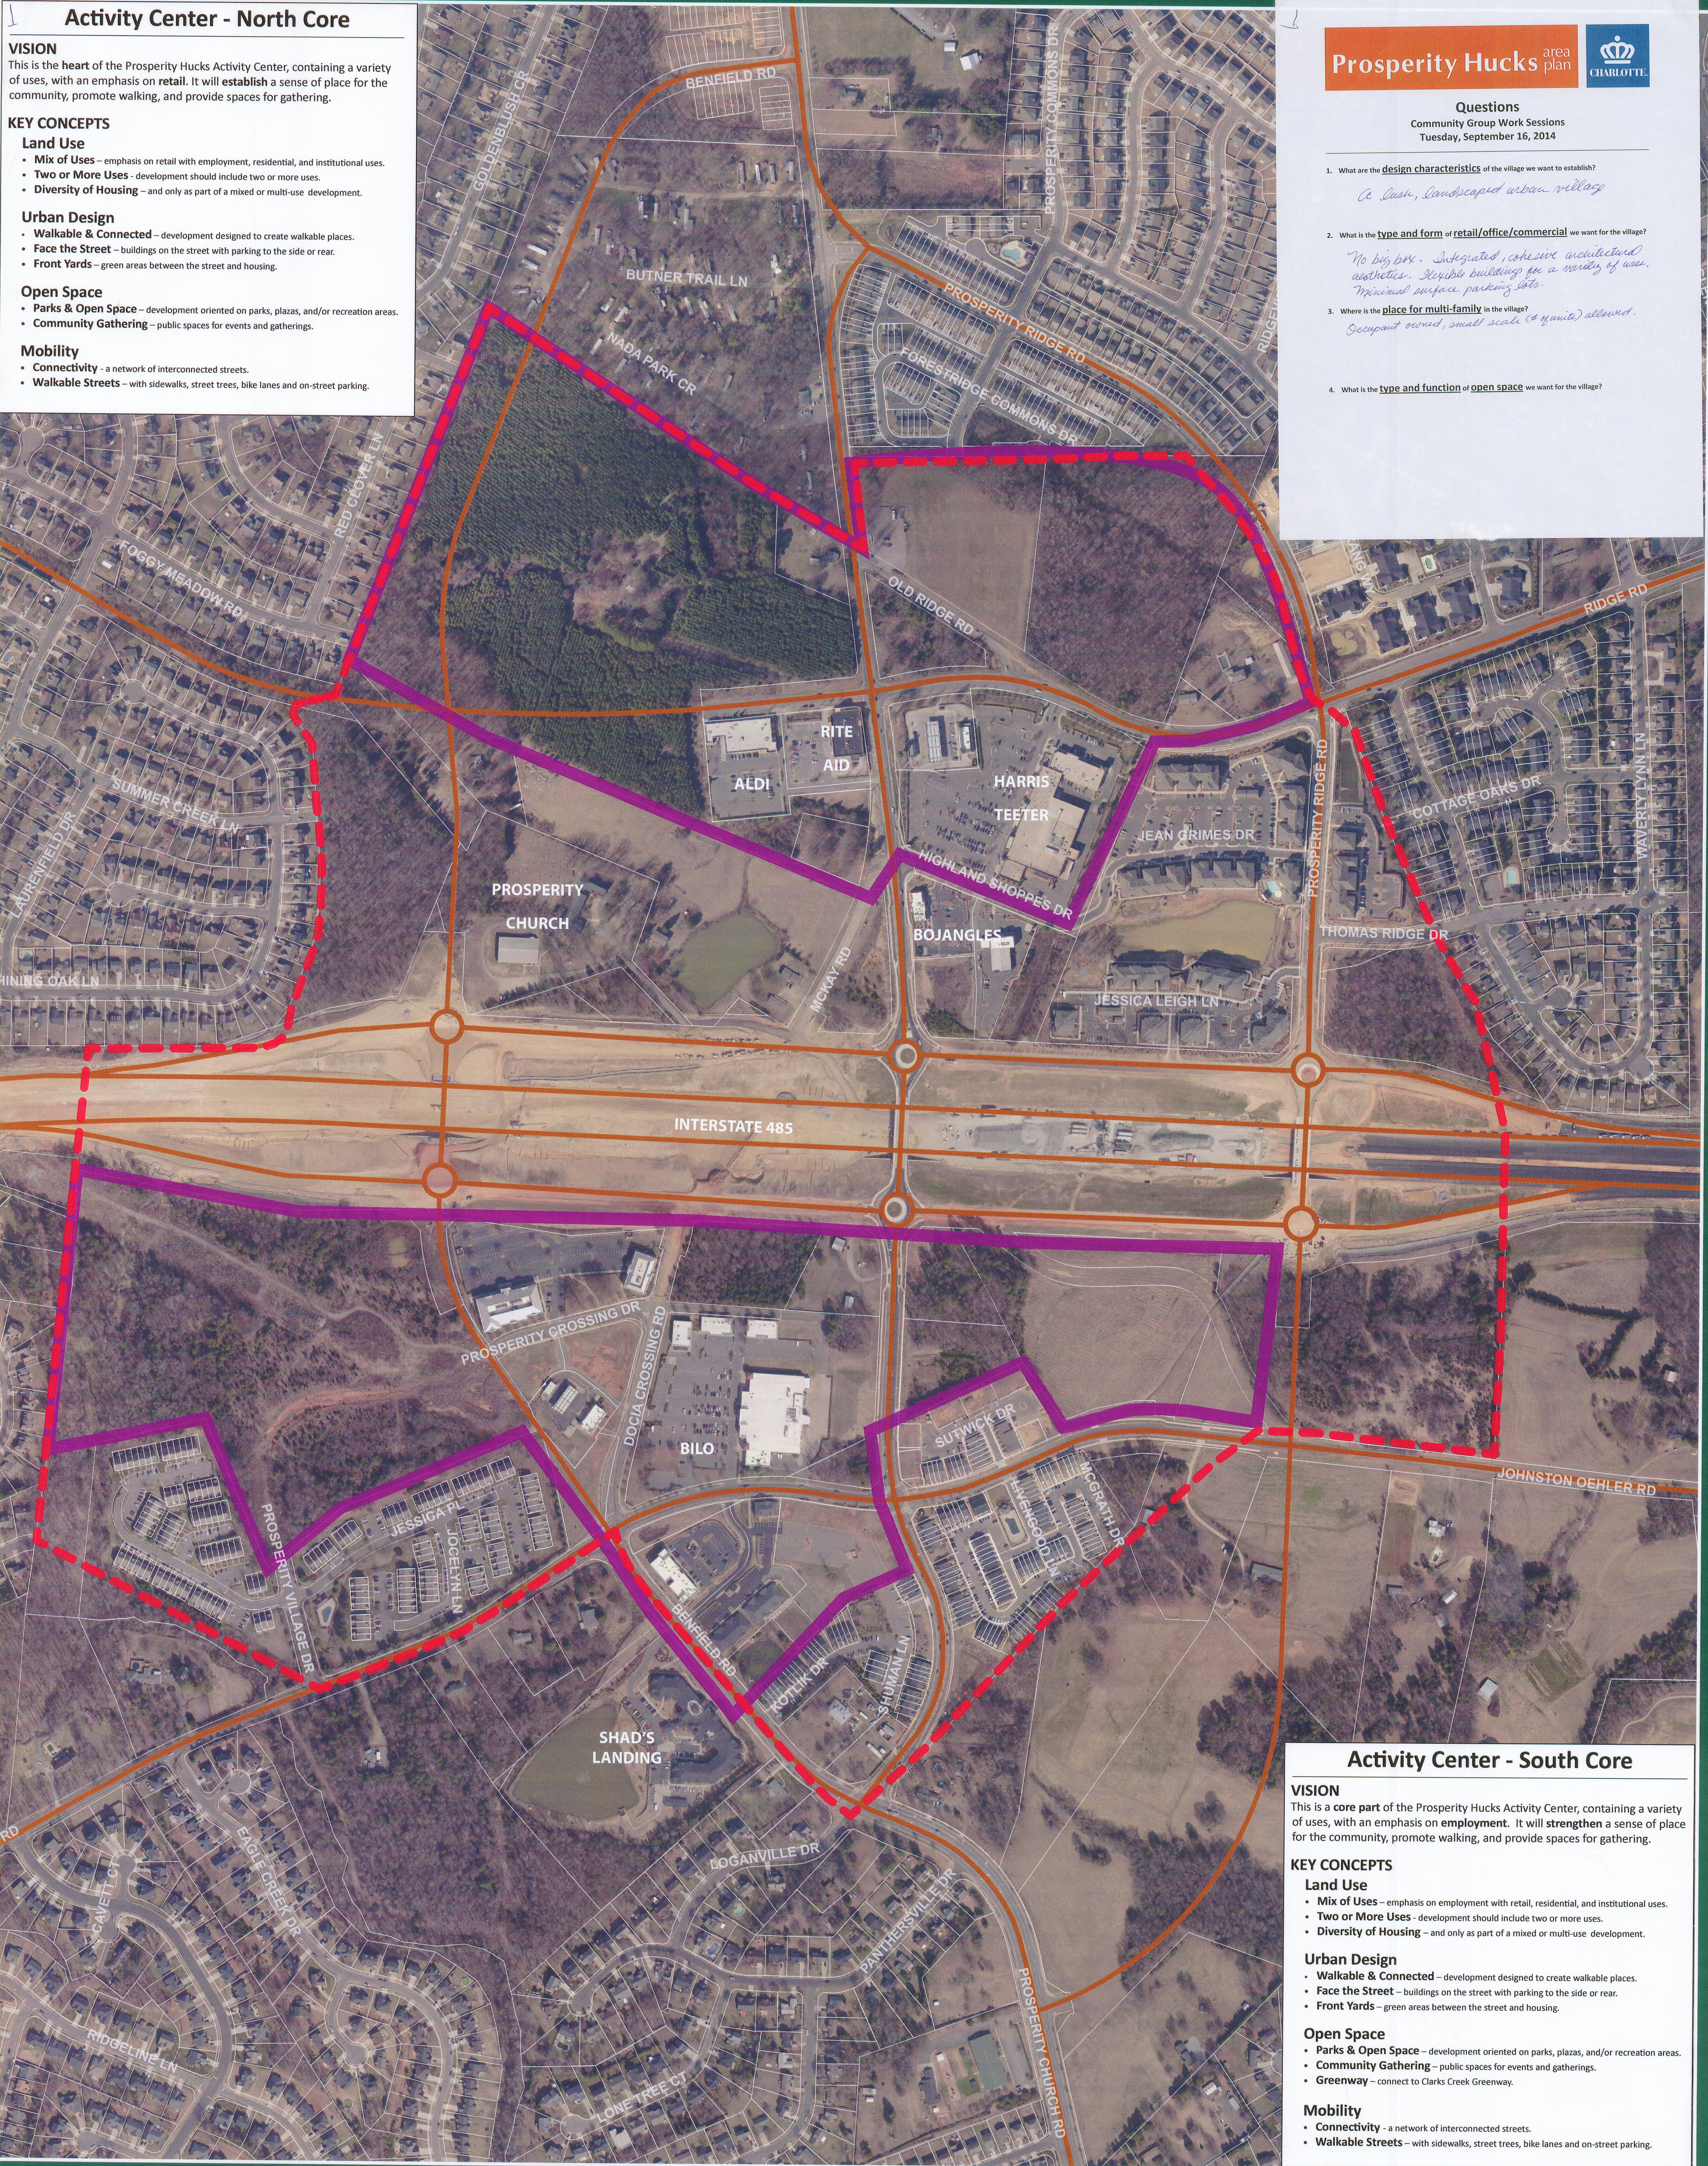

- **Walkable & Connected** – development designed to create walkable places.
- **Face the Street** – buildings on the street with parking to the side or rear.
- **Front Yards** – green areas between the street and housing.

Open Space

- **Parks & Open Space** – development oriented on parks, plazas, and/or recreation areas.
- **Community Gathering** – public spaces for events and gatherings.

Mobility

- **Connectivity** – a network of interconnected streets.
- **Walkable Streets** – with sidewalks, street trees, bike lanes and on-street parking.

Questions

Community Group Work Sessions

Tuesday, September 16, 2014

1. What are the **design characteristics** of the village we want to establish?

A lush, landscaped urban village

2. What is the **type and form** of **retail/office/commercial** we want for the village?

No big box. Integrated, cohesive architectural aesthetics. Flexible buildings for a variety of uses. Minimal surface parking lots.

3. Where is the **place for multi-family** in the village?

Occupant owned, small scale (80 units) allowed.

4. What is the **type and function** of **open space** we want for the village?

Activity Center - South Core

VISION

This is a **core part** of the Prosperity Hucks Activity Center, containing a variety of uses, with an emphasis on **employment**. It will **strengthen** a sense of place for the community, promote walking, and provide spaces for gathering.
