I. SUMMARY REMARKS:

FIRST SUBMITTAL

Certain transit amenities were included as part of the previous rezoning of this site (see 2004-074). CATS requests that those amenities (access to 25 non-exclusive parking spaces and that Petitioner provide a concrete waiting pad) be incorporated into the development standards for the rezoning of this transit-oriented corporate office park. For further information on location of the requested spaces and location of the waiting pad, please contact either of the following CATS staff members: Ramond Robinson at 704.353.0018 or Budd Early at 704.432.2557.

Should you require additional information, please advise.
