Neighborhood & Business Services Housing Locational Policy Review:

Based on Housing Locational Policy (HLP) parcels are located in Prohibited Area
HLP applies to the construction of new assisted multi-family rental housing development greater than 24 units, but no more than 100 units per site and the development is receiving assistance from local, state or federal government.

The HLP allows for projects to be exempted from the Policy however City Council approval of a waiver is required. The developer is expected to notify the neighborhood and submit a written request to Neighborhood & Business Services (N&BS) for a waiver. N&BS reviews the request and it is brought before City Council for consideration at one of its Business Meetings. The neighborhood will receive notification of the waiver request at least two weeks prior to the City Council Business Meeting.

Definition:

Assisted Multi-family Housing – Any existing or proposed multi-family rental housing development consisting of five or more residential units receiving assistance from local, state, or federal government and the housing units are restricted to serve households earning 60% or less than area median income.
