

Charlotte Department of Transportation

Memorandum

Date: November 19, 2010

To: Tom Drake & Tammie Keplinger
Charlotte-Mecklenburg Planning Department

From: Michael A. Davis, PE *Mike Davis*
Development Services Division

Subject: Rezoning Petition 11-003: Located along Hamilton Street inside I-277

Consistency with Transportation Action Plan (TAP): The two goals of the TAP that most directly affected the staff's review of this petition define the integration of land use and transportation, and the provision of transportation choices.

Goal 1 of the TAP relies on implementation of the Centers, Corridors and Wedges land use strategy. This project site is located in the Uptown Activity Center. This area should include a dense and interconnected street network. Specific comments are provided below to link proposed changes in land use with improved transportation network.

Goal 2 of the TAP describes various connectivity and design features that are important for motorists, pedestrians and bicyclists. Specific comments are provided below to bring the petition into compliance with best practices for multimodal transportation.

Vehicle Trip Generation

The proposed zoning does not seem to increase or decrease to the proposed trips, therefore the rezoning does not seem to have an impact on the surrounding thoroughfare system.

We have no transportation issues with this petition.

If we can be of further assistance, please advise.
