---

**Date:** February 16, 2012

**To:** Tammie Keplinger  
Charlotte-Mecklenburg Planning Department

**From:** Michael A. Davis, PE *Mike Davis*  
Development Services Division

**Subject:** Rezoning Petition 2011-065: Approximately 319.91 acres located on the east and west side of Shopton Rd West generally surrounded by Winget Rd, Elkhorn Drive, Limehurst Place and Hatfield Rd.

It has come to our attention that the trip generation potential of this site under the existing zoning has been incorrectly reported as 4,650 trips per day in our previous memoranda. The trip generation potential of this under the existing zoning is approximately 3,280 trips per day. The trip generation potential under the proposed zoning has been correctly reported as 5,350 trips per day. Since our analysis of the site has been based on the maximum trip generation potential of 5,350 trips per day, this does not affect any comments we have previously offered.
