## **RECOMMENDATION**

We have the following comments that are critical to CMS' support of this petition:

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about rezoning cases where school utilization exceeds 100% since the proposed development will exacerbate this situation. Approval of this petition will increase overcrowding and/or reliance upon mobile classrooms at the schools listed below.

**\*There is no significant impact from the proposed development on the schools listed below.**

CMS recommends the petitioner schedule a meeting with staff to discuss any opportunities that the petitioner/developer may propose to improve the adequacy of school capacity in the immediate area of the proposed development.

## **TOTAL IMPACT FROM PROPOSED DEVELOPMENT**

*Proposed Housing Units:* 300 multi-family units under MUDD (CD) zoning

*CMS Planning Area:* 1

*Average Student Yield per Unit:* 0.1033

This development will add 30 students to the schools in this area.

The following data is as of 20<sup>th</sup> Day of the 2010-11 school year.

<i>Schools Affected</i>	<i>20<sup>th</sup> Day, 2010-11 Enrollment (non-ec)</i>	<i>Total Classroom Teachers</i>	<i>Building Classrooms/ Teacher Stations</i>	<i>20<sup>th</sup> Day, 2010-11 Building Utilization (Without Mobiles)</i>	<i>Building Classroom/ Adjusted Capacity (Without Mobiles)</i>	<i>Additional Students As a result of this development</i>	<i>Utilization As of result of this development (Without Mobiles)</i>
DILWORTH ELEMENTARY	374	21	28	75%	551	6	<b>75%</b>
ALEXANDER GRAHAM MIDDLE	1,235	61.5	84	73%	1684	13	<b>74%</b>
MYERS PARK HIGH	2,686	129.5	165	78%	3401	11	<b>79%</b>

---

## **INCREMENTAL IMPACT FROM PROPOSED DEVELOPMENT\***

*Existing number of housing units allowed:* 33 units all uses allowed single/multi-family, duplex, quadraplex under O-2 zoning

*Number of students potentially generated under current zoning:* 11 students (4 elementary, 4 middle, 3 high)

The development allowed under existing zoning would generate 11 students, while the development allowed under the proposed zoning will produce 30 students. Therefore, the net change in the number of students generated from existing zoning to proposed zoning is 19 students.

*As requested, we are also providing information regarding the difference in the number of potential students from the existing zoning to the proposed zoning. Please note that this method of determining potential numbers of students from an area underestimates the number of students CMS may gain from the new development.*
