

REQUEST	Text amendment to Sections 9.8506, 9.906, 9.1209, 10.813, 10.908, 13.102, and 13.108(a) of the Zoning Ordinance
SUMMARY OF PETITION	The petition proposes to: 1) update the definition of marquee signs; 2) add marquee signs as a permitted sign type in the mixed use development (MUDD) district; 3) clarify that marquee signs are permitted in the uptown mixed use district (UMUD); and 4) add provisions to regulate marquee signs.
STAFF RECOMMENDATION	Staff recommends approval of this petition. The petition is consistent with adopted policies.
PETITIONER AGENT/REPRESENTATIVE	Charlotte-Mecklenburg Planning Department Charlotte-Mecklenburg Planning Department
COMMUNITY MEETING	Meeting is not required.

PLANNING STAFF REVIEW

• **Background**

- Marquee signs are being used in an increasingly urban environment. This text amendment revisits the definition, expands the zoning districts where marquee signs are permitted, and provides flexibility for more uses to utilize marquee signs. The amendment also updates the definition for changeable copy to include electronic computer generated copy.
- The current definition of marquee signs, provided in Section 13.102, is a roof like structure, bearing a sign, projecting over an entrance to a theatre or building providing changeable copy that relates to the principal use on the premises.

Example of a Marquee sign at a movie theatre

- Marquee signs are currently permitted in the PED, TOD, and TS zoning districts and in UMUD on buildings over 100,000 square feet.
- Marquee signs are considered projecting signs.
- **Proposed Request Details**
The text amendment contains the following provisions:
 - Updates the definition of marquee signs.
 - Adds marquee signs as a permitted sign type in the MUDD zoning district.
 - Removes the restriction that marquee signs are only permitted in the UMUD district on buildings over 100,000 square feet.
 - Adds provisions to regulate marquee signs in MUDD, UMUD, PED, TOD, and TS zoning districts:
 - Adds marquee signs into the maximum allowable area for signs allowed per building wall.

- A minimum overhead clearance of nine feet is required from the sidewalk to the bottom of the marquee sign.
 - Limits marquee signs from being located within any sight distance triangle area.
 - Limits marquee signs from extending above the roofline of the building.
 - Permits changeable copy if the message does not change more than once in a 24-hour time period.
 - Allows marquee signs to project into a portion of the required setback as long as the sign structure does not encroach into any required planting area, and does not include useable building square footage area for the portion that projects into the setback. If any portion of the sign projects into the public right-of-way, then an encroachment agreement from the Charlotte Department of Transportation is required.
 - Clarifies that signs located in the UMUD district may be mounted on awnings.
 - **Public Plans and Policies**
 - The petition is consistent with adopted policy.
