

Petition No: 2012-049

RECOMMENDATION

We have the following comments that are critical to CMS' support of this petition:

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about rezoning cases where school utilization exceeds 100% since the proposed development will exacerbate this situation. Approval of this petition will increase overcrowding and/or reliance upon mobile classrooms at the schools listed below.

The total estimated capital cost of providing the additional school capacity for this new development is \$2,204,000 calculated as follows:

- Elementary School: **60**x \$20,000 = \$1,200,000
- Middle School: **19**x \$23,000 = \$437,000
- High School: **21** x \$27,000 = \$567,000

CMS recommends the petitioner schedule a meeting with staff to discuss any opportunities that the petitioner/developer may propose to improve the adequacy of school capacity in the immediate area of the proposed development.

TOTAL IMPACT FROM PROPOSED DEVELOPMENT

Proposed Housing Units: Up to 390 multi-family units under R-12MF (CD) zoning
CMS Planning Area: 12
Average Student Yield per Unit: 0.2575

This development will add 100 students to the schools in this area.

The following data is as of 20th Day of the 2011-12 school year.

<i>Schools Affected</i>	<i>20th Day, 2011-12 Enrollment (non-ec)</i>	<i>Total Classroom Teachers</i>	<i>Building Classrooms/Teacher Stations</i>	<i>20th Day, 2011-12 Building Utilization (Without Mobiles)</i>	<i>Building Classroom/Adjusted Capacity (Without Mobiles)</i>	<i>Additional Students As a result of this development</i>	<i>Utilization As of result of this development (Without Mobiles)</i>
BEVERLY WOODS ES	798	42	38	111%	785	60	118%
CARMEL MS	1148	61.5	54	114%	1306	19	117%
SOUTH MECKLENBURG HS	2373	121.5	108	113%	2702	21	114%

INCREMENTAL IMPACT FROM PROPOSED DEVELOPMENT*

Existing number of housing units allowed: Currently developed 232 multi-family units under MX-2 INNOV zoning
Number of students potentially generated under current zoning: 60 students (36 elementary, 11 middle, 13 high)

The development allowed under the existing zoning would generate 60 students, while the development allowed under the proposed zoning will produce 100 students. Therefore, the net change in the number of students generated from existing zoning to proposed zoning is 40 students.

As requested, we are also providing information regarding the difference in the number of potential students from the existing zoning to the proposed zoning. Please note that this method of determining potential numbers of students from an area underestimates the number of students CMS may gain from the new development.
