**CONDITIONAL NOTES**

**General Provisions**

1. Development of this property will be controlled by the standards depicted on this site plan and by the Standards of the Charlotte Zoning Ordinance; the development depicted this plan is intended to reflect the arrangement of the proposed uses on this property. However, the exact configuration, placement and size of individual site elements may be altered or modified within the limits prescribed in the Zoning Ordinance, Section 6.207 Alterations to approval.
2. Future owners of these properties will be bound by the Zoning restrictions which bind the current owner.
3. The petitioner acknowledges that in addition to the conditions set forth in this petition and in the Zoning Ordinance, development requirements imposed by other City ordinances, construction standards and design manuals do exist, are not waived or modified by the rezoning approval, and may be applicable to the proposed development. These requirements may include the regulation of streets, sidewalks, trees and storm water. Where the conditions set forth in this rezoning plan conflict with other City development requirements, the stricter condition or requirement shall apply.
4. Parking shall be located at the rear of all structures. Parking requirements for this site will be determined at the time of construction plan submittal and will be based on the proposed use of the property. The existing gravel driveway, as shown, will be removed and planted.

**Permitted Uses**

1. Uses allowed on this site are General and Medical Office Only. However, the existing structure may be used as a single-family house in the event it is not used for office purposes.
2. No use of this site as a CHECK-CASHING SERVICE or as a SWEEPSTAKES/GAMING CENTER, electronic or otherwise, will be allowed.

**Transportation**

1. This site will have a new 26' minimum width driveway as shown. The type and exact location will be determined at the time of permitting.
2. The proposed driveway connection to West Sugar Creek Road will require a driveway permit to be submitted to CDOT and NCDOT for review and approval. The exact driveway locations and type/width of the driveways will be determined by CDOT during the driveway permit process and the location as shown is subject to change to comply with City Driveway Regulations.
3. The exact location of the bus waiting pad as shown will be determined at the time of permitting.
4. Additional Right-of-Way equal to 50' from the centerline of West Sugar Creek Drive will be conveyed, if necessary, to the NCDOT at the time of construction plan submittal for this parcel.

**Architectural Standards**

1. The existing structure is to remain.
2. Future additions to the existing structure must be to the rear of the building and added square footage shall not exceed 25% of the existing square footage of the structure.
3. Any expansion or exterior revisions to the current structure will be residential in character and scale.

**Environmental Features**

1. All existing trees within the established front yards shall be preserved; only those in conflict with driveways can be removed.
2. The buffers will not be reduced.

**Signage**

1. Signage on the site will be a ground-mounted type sign.

**Lighting**

1. Any detached lighting on the site will not exceed 20 feet in height and will be aimed internal to the site and away from adjoining properties and the public street.
