

**Petition No: 2013-047**

**RECOMMENDATION**

We have the following comments that are critical to CMS' support of this petition:

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about rezoning cases where school utilization exceeds 100% since the proposed development will exacerbate this situation. Approval of this petition will increase overcrowding and/or reliance upon mobile classrooms at the schools listed below.

The total estimated capital cost of providing the additional school capacity for this new development is \$207,000 calculated as follows:

Middle School: 9 x \$23,000 = \$207,000

CMS recommends the petitioner schedule a meeting with staff to discuss any opportunities that the petitioner/developer may propose to improve the adequacy of school capacity in the immediate area of the proposed development.

**TOTAL IMPACT FROM PROPOSED DEVELOPMENT**

*Proposed Housing Units:* 492 multi-family units (492 apartments; 28 carriage units) under UR-2 (CD) zoning

*CMS Planning Area:* 17

*Average Student Yield per Unit:* 0.0737

This development will add 36 students to the schools in this area.

The following data is as of 20<sup>th</sup> Day of the 2012-13 school year.

<i>Schools Affected</i>	<i>20<sup>th</sup> Day, 2012-13 Enrollment (non-ec)</i>	<i>Total Classroom Teachers</i>	<i>Building Classrooms/Teacher Stations</i>	<i>20<sup>th</sup> Day, 2012-13 Building Utilization (Without Mobiles)</i>	<i>Building Classroom/Adjusted Capacity (Without Mobiles)</i>	<i>Additional Students As a result of this development</i>	<i>Utilization As of result of this development (Without Mobiles)</i>
HORNEST NEST ES	586	33	36	681	92%	12	<b>92%</b>
RANSON MS	1094	62.5	52	1525	120%	9	<b>120%</b>
HOPEWELL HS	1706	90.5	100	2475	91%	15	<b>91%</b>

**INCREMENTAL IMPACT FROM PROPOSED DEVELOPMENT\***

*Existing number of housing units allowed:* Currently vacant; allows for 257 single family detached units under MX-1 (CD) zoning

*Number of students potentially generated under current zoning:* 166 students (83 elementary, 40 middle, 43 high)

The development allowed under the existing zoning would generate 166 students, while the development allowed under the proposed zoning will produce zero 36 students. Therefore, the net change in the number of students generated from existing zoning to proposed zoning is zero (0) students.

*As requested, we are also providing information regarding the difference in the number of potential students from the existing zoning to the proposed zoning. Please note that this method of determining potential numbers of students from an area underestimates the number of students CMS may gain from the new development.*
