 - PED current wall sign regulations:
 - Wall signs shall not exceed 5% of the building wall, up to 100 square feet.
 - Wall signs may be increased by 10% per sign in lieu of a ground mounted or monument sign.
- **Proposed Request Details**

The text amendment contains the following provisions:

 - Modifies the regulations to allow the area of wall signs to increase from a maximum of 100 total square feet per building wall, up to 120 total square feet per building wall, in lieu of a ground mounted or monument sign.
