Date: 6/19/2013
Petition Number: 2013-052

COMMENTS:

The 'Common Plaza' detail is not to scale. Tree ordinance requires 40 ft spacing for street trees in the planting strip. The proposed 'Common Plaza' appears to conflict with that requirement. They will need to note it as a 'modification to Tree Ordinance' for spacing, and provide another adequate planting place for any displaced trees, outside, but near the right of way.
