Herb Coleman with Clachan Properties and Walter Fields attended the meeting on behalf of the Petitioner.

Summary of issues discussed and changes made as a result of the meeting:

Mr. Fields opened the presentation with a description of the site and the proposed development as well as an overview of the rezoning process. The plans for both the site and the historic designation of the building were discussed. There was some discussion about the timing of the development and when certain improvements would occur. There were also questions about the edge of the site nearest the homes along Pamlico Street. The general consensus of those in attendance was that they approved of the proposed redevelopment of the old mill building for multifamily housing.

A number of site plan modifications have been made to the site plan as a result of review comments from staff agencies but no changes have been made as a direct result of the community meeting.
