Terry Williams and Walter Fields attended the meeting on behalf of the Petitioner.

Summary of issues discussed and changes made as a result of the meeting:

Mr. Fields opened the presentation with a description of the site and the proposed development as well as an overview of the rezoning process. There was some discussion about the road improvements that would be installed and access to nearby properties. Discussion also dealt with the types and design of the buildings that might go on the site but no real questions about the proposed development.

A number of site plan modifications have been made to the site plan as a result of review comments from staff agencies but no changes have been made as a direct result of the community meeting.
