		Attachments:	Waiting Pad Detail

I. SUMMARY REMARKS:

The Petitioner is requested to provide and construct a concrete waiting pad for a bus stop along Eastway Drive. The development proposal appears to require significant construction along Eastway Drive, including concrete work for a new internal sidewalk to Eastway Drive.

The bus stop waiting pad needs to be located within the planting strip between this site's side walk and curb along Eastway Drive. Below is an image of the standard detail (60.01B) for the pad.

The site plan may either show the conceptual location of the improved bus stop on Eastway Drive, or alternatively, include a development note to locate the bus stop pad during the development review and permitting process.

Please contact me if there are any questions relative to this request. Thank you.
