Attachments: Bench Pad Detail

I. SUMMARY REMARKS:

The Petitioner is requested to provide and construct a concrete bench pad for the existing bus stop along Park Road. Below is an image of the standard detail (60.02A) for the requested bus stop pad. The site plan may either show the conceptual location of the improved bus stop on Park Road, or alternatively, include a development note to locate the bus stop pad during the development review and permitting process. Please note that the bicycle portion of the pad detail is optional.

Please contact me if there are any questions related to this request. Thank you.
