

Petition No: 2014-120

RECOMMENDATION

We have the following comments that are critical to CMS' support of this petition:

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about rezoning cases where school utilization exceeds 100% since the proposed development will exacerbate this situation. Approval of this petition will increase overcrowding and/or reliance upon mobile classrooms at the schools listed below.

The total estimated capital cost of providing the additional school capacity for this new development is \$390,000 calculated as follows:

- Elementary School: **12** \$20,000 = \$240,000
- Middle School: **3** \$23,000 = \$69,000
- High School: **3** x \$27,000 = \$81,000

CMS recommends the petitioner schedule a meeting with staff to discuss any opportunities that the petitioner/developer may propose to improve the adequacy of school capacity in the immediate area of the proposed development.

TOTAL IMPACT FROM PROPOSED DEVELOPMENT

Proposed Housing Units: Conditional district to allow 24 multi-family dwelling units for sale or for rent under MUDD-O zoning
CMS Planning Area: 3
Average Student Yield per Unit: 0.7451 (worst-case for rent)

This development will add 18 students to the schools in this area.

The following data is as of 20th Day of the 2013-14 school year.

<i>Schools Affected</i>	<i>Total Classroom Teachers</i>	<i>Building Classrooms/Teacher Stations</i>	<i>20th Day, Enrollment (non-ec)</i>	<i>Building Classroom/Adjusted Capacity (Without Mobiles)</i>	<i>20th Day, Building Utilization (Without Mobiles)</i>	<i>Additional Students As a result of this development</i>	<i>Utilization As of result of this development (Without Mobiles)</i>
DILWORTH ES	31	28	611	590	111%	12	113%
ALEXANDER GRAHAM MS	74.3	65	1461	1662	114%	3	115%
MYERS PARK HS	145.5	127	2816	3724	115%	3	115%

INCREMENTAL IMPACT FROM PROPOSED DEVELOPMENT*

Existing number of housing units allowed: Currently developed with 3,086 sq. ft. office building. Conditional O-2 allows all uses permitted in the district, including residential, the site would net 4.6 dwelling units in the existing 0.21 acres.

Number of students potentially generated under current zoning: 4 students (2 elementary, 1 middle, 1 high)

The development allowed under the existing zoning would generate 4 student(s), while the development allowed under the proposed zoning will produce 18 student(s). Therefore, the net change in the number of students generated from existing zoning to proposed zoning is 14 student(s).

As requested, we are also providing information regarding the difference in the number of potential students from the existing zoning to the proposed zoning. Please note that this method of determining potential numbers of students from an area underestimates the number of students CMS may gain from the new development.
