Groundwater & Wastewater Services records indicate contamination sites exist on properties within 1,500 feet of the parcels included in the above referenced rezoning petitions.

An established Area of Regulated Groundwater Usage (ARGU) as defined by the Mecklenburg County Groundwater Well Regulations extends 1,500 feet around the contamination sites. In ARGU where municipally supplied water is available water supply wells for water supply, irrigation or open loop geothermal systems may not be permitted or constructed within 1,000 feet of contamination sites. A new water supply well may be permitted with special construction and sampling requirements between 1,000 and 1,500 feet of contamination sites.
