MEETING SUMMARY - PETITION No. 2015-027 - SITE A

Overview of Petitioner's presentation:

This rezoning is one of five rezoning requests the petitioner is requesting for the Tall Oaks Redevelopment in the Cherry Community. There was an overall presentation of the entire development plan, then each site was presented in more detail (see **Exhibit D** for presentation boards) with a question & answer and feedback session for each rezoning request, and a review session at the end for additional questions/comments for all sites.

Introduction

Sylvia Bittle-Patton opened the Meeting Invocation by Doris Dennis

A. Fulton Meachem Jr. - CEO & President of Charlotte Housing Authority Mr. Meachem welcomed the Cherry community members attending and introduced himself and the project representatives.

Mr. Meachem began the presentation to discuss the CHA Tall Oaks Redevelopment and each site:

The CHA has been here before to get your input, and with the community's input, the project team has been able to get better product. The development is targeting the working income groups.

Mr. Meachem made reference to a recent newspaper article regarding the project and stated:

What you saw in paper was only an excerpt of the project that does not represent all the changes that have been worked out recently. So we are going to talk through all that with you tonight and explain what is going on. The CHA wants to make sure that the residents in the current 50 public housing units have an opportunity to come back and through this process we are making sure that happens. But the development replacing the current units will not be public housing at all. One of the key differences between what we have right now and what we are going to be building is a work requirement. But we will be wrapping around supportive services to ensure they have the ability move back and actually go to work, and we will provide brand new housing. Daniel McNamee of the design team will go through the design in more detail. I will now turn it over to Daniel to go through each of those petitions separately so you can ask questions regarding each.

Daniel McNamee then provided an overview of each Rezoning site. He presented a map of the scattered sites in the Neighborhood, Site A, Petition no. 2015-027, on Cherry Street and E. 1st St., by the Metropolitan, and the scattered sites (Sites B-F) in the neighborhood. Site B is Petition no. 2015-028; Site C is Petition no. 2015-029; Site D is Petition no. 2015-030; and Site F is Petition no. 2015-032. For each of the sites, Daniel showed updates of the design, comparing with the drawings presented with those presented at the previous Petitioner's public meeting, held on January 27, 2015.

Overview of Petition # 2015-027 - Site A

Daniel reviewed Site A. He explained the changes to Site A since the last public meeting include a revised massing on the back toward the Cherry neighborhood side, showing a section of the site and building and comparing that section with the section shown at the previous meeting. He reviewed the changes:

First, the 20-foot rear yard proposed before is now doubled to 40-foot from property line. Secondly, while there is no requirement for buffer under the proposed UR-C district, the development will provide a Class C Buffer, and we will exceed the requirement for plantings in that buffer. Thirdly, we had originally proposed 4 stories in the rear by the adjacent homes. We now step that back to three toward the back and took a story off along the side facing these residences. This way, even though we are not in a PED district, we will meet the 40-foot base height next to residential as in a PED overlay (at sides abutting single-family zoning/development) and stay under a building height line that slopes one foot to every ten feet going away from the property line (where the 40'-0" base height starts, refer to Exhibit D, 3rd page, "Site A Section – Revised" drawing). There is also an existing alley back there. The CHA will work to abandon the alley if adjacent homeowners also agree to abandon it.

Are there any questions?

Questions & Comments for Petition # 2015-027 - Site A

Q - You mentioned the PED Overlay?

A – We are not in a PED overlay, just to clarify, but want to respond to the adjacent homeowner's concerns we heard. This site isn't located in a PED Overlay, but we applied those requirements to meet the same intent (lowering the scale of the building where abutting a single-family property or zoning district).

Q – How many stories toward Charlottetowne Ave.?

A – Still five stories as presented (at the previous meeting). Originally we had proposed six but changed that down to five.

Response – It doesn't look that way on the drawing (the section drawing).

A – What you probably see is the slope of the roof has been added.

Q – Where is the parking area located?

A – Parking area is internal, wrapped by the building. You enter in one entrance off of Cherry St. You can't see the parking deck. And it will be secured parking.

Q - Have the number of parking spaces changed? And the number of units changed?

A – (Both) stay the same. We did have to remake the unit mix to take the back level off, but the CHA has to make 200 units.

Q – Did you already say how many square feet overall each for those units?

A – There's two versions of 1-Bedroom units: 750 sq. ft. and 900 sq. ft.; two versions of 2-Bedroom: 1075 sq. ft. and 1300 sq. ft.; and a single 3-Bedroom version of 1,350 sq. ft.

Q – What would be the total number of residents you'd expect living in this building? How many people would it actually be?

A – It's hard to say an exact number, but possibly between a range of 200 to 400, based on the unit mix of the building, where 55% of the 200-unit building are 1-BR, 40% are 2-BR, and the remainder are 3-BR.

With some of the 2-BRs there may not be 2 people, there may be one person living there who wants a spare bedroom.

Q – Does the development exceed the number of families already in this community?

A – When you complete the project there will be more families. But the difference of the proposed units from what exists is that this is a different model from public housing. For Site A, this is not subsidized housing. They are income restricted (\$38,500-\$77,040 based on a family four). Those would be your educators, policemen, etc. We are proposing 31 units in addition to the 50 that already existing for the subsidized group, but these units also have work requirements.

Q – Could there be five people in a one bedroom unit?

A – This particular product has 200 units. Depending on the multiple we use that could be 300 people. Maybe 15%-20% of those will actually be children. None of it is subsidized. This product is intended for people who just moved to work in the area, want to live in Uptown, your public school teachers, law enforcement officers and the like, who might have a roommate in certain situations. I'm not saying they won't have children. Five people in a 1-BR unit would be an extreme case and property management would handle situations like that as they would anywhere else. The number that we're using is 1.5 people per unit.

Q - What's the price point for these units?

A - That's on the handout. For Site A, it would be approximately between \$1,000 and \$1,950 per month.

Q - You mentioned there's no restriction on this housing on the amounts of people allowed to live in them?

A – We would ensure they are managed well. The number that we're using is 1.5 (people/unit). We would not want to have five people in a one bedroom.

Closing Session with General Questions & Comments for Rezoning Sites

Q – The playground on Site B, is that required? We already have a neighborhood park for all the children. Do we need to have 2 parks?

A - Yes it's a requirement for the tax credit submittal.

Q - My biggest concern is the 200 unit on A. it's a monstrosity.

A – This concept we have here is a development that works financially. We can only do so much on A2-F, and we have this A site, which we have a need in Charlotte for affordable workforce housing, we gave it more of a buffer and scaled this site to what we could to provide a housing type and model that's needed in Charlotte. We want to building affordable and workforce housing and that's what we've created over the past few months with input for the city. We are a public body not a developer, we are a part of the community and you can contact us to help make this a better community. Any process will have some give and take and we've come a long way to make this a better program.

Q - Quick question on Site A2—what's going to be there?

- A Townhomes and units similar to the Site B buildings. The townhomes will be similar to the ones on Site D.
- Q I don't like site A at all, I have a disdain for it. Since each is an independent petition, if any aspect of those don't pass how will you proceed with the whole project?
- A We will most likely go through with all sites. For site A, if the numbers for affordable housing do not work for this site, most likely it would be market rate housing.
- Q So, no city money goes to fund the CHA?
- A No city money funds us, we are 100% funded by HUD.
- Q If the rezoning is successful you'd like to apply for funding from Housing Trust Fund from the City?
- A If awarded the tax credits, we can possibly get housing trust fund, we will apply for it.

Comment - You've reduced number of curb cuts on Luther, fear around density and affordability, the market doesn't indicate issues with current CHA, which is usually of lesser quality that what you're presenting today, this housing is a stone's throw from existing housing you have on Avant. I applaud you all for moving forward with this, when you look at urban context which people understand when they buy here, that density is going to continue to grow, people need to understand that density doesn't cause problems, it's the lack of attention to detail, poor design, things like street trees, on street parking and good design make density okay and not a problem. As someone with a lot of risk here in this neighborhood I applaud u for this design.

A. Fulton Meachem Jr. closed out the meeting and thanked the attendees.
