COMMENTS: No street trees existing on the sides of Providence Road. Trees in the median must be protected during all phases of construction. Contact Donald McSween (704-336-3459) at the City Arborist's office and NCDOT for a permit if you plan to plant in the right of way. The street tree species must be approved before planting. Be sure to check with Urban Forestry in Land Development in case there are tree save and/or planting requirements on private property.
