

**Petition No: 2015-089**

**RECOMMENDATION**

We have the following comments that are critical to CMS' support of this petition:

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about rezoning cases where school utilization exceeds 100% since the proposed development will exacerbate this situation. Approval of this petition will increase overcrowding and/or reliance upon mobile classrooms at the schools listed below.

The total estimated capital cost of providing the additional school capacity for this new development is \$797,000 calculated as follows:

- Elementary School: 26 x \$20,000 = \$520,000
- Middle School: 5 x \$23,000 = \$115,000
- High School: 6 x \$27,000 = \$162,000

CMS recommends the petitioner schedule a meeting with staff to discuss any opportunities that the petitioner/developer may propose to improve the adequacy of school capacity in the immediate area of the proposed development.

**TOTAL IMPACT FROM PROPOSED DEVELOPMENT**

*Proposed Housing Units:* 51 multi-family apartment units under UR-2 (CD) zoning.

*CMS Planning Area:* 3

*Average Student Yield per Unit:* 0.7157

This development will add 37 students to the schools in this area.

The following data is as of 20<sup>th</sup> Day of the 2014-15 school year.

<i>Schools Affected</i>	<i>Total Classroom Teachers</i>	<i>Building Classrooms/Teacher Stations</i>	<i>20<sup>th</sup> Day, Enrollment (non-ec)</i>	<i>Building Classroom/Adjusted Capacity (Without Mobiles)</i>	<i>20<sup>th</sup> Day, Building Utilization (Without Mobiles)</i>	<i>Additional Students As a result of this development</i>	<i>Utilization As of result of this development (Without Mobiles)</i>
HIGHLAND RENAISSANCE ELEMENTARY	38.4	36	502	536	107%	26	111%
MARTIN LUTHER KING JR. MIDDLE	66.5	58	1102	1249	115%	5	115%
GARINGER HIGH	111.5	89	1748	2364	125%	6	126%

**INCREMENTAL IMPACT FROM PROPOSED DEVELOPMENT\***

*Existing number of housing units allowed:* approximately 29.7 dwelling units under R-22MF; subject property is currently developed with 27 multi-family dwelling units.

*Number of students potentially generated under current zoning:* 21 students (15 elementary, 3 middle, 3 high)

The development allowed under the existing zoning would generate 21 students, while the development allowed under the proposed zoning will produce 37 students. Therefore, the net change in the number of students generated from existing zoning to proposed zoning is 16 students.

*As requested, we are also providing information regarding the difference in the number of potential students from the existing zoning to the proposed zoning. Please note that this method of determining potential numbers of students from an area underestimates the number of students CMS may gain from the new development.*
