Attachments: Bus stop pad detail

I. SUMMARY REMARKS:

This site is located on an existing bus route with an existing bus stop along the Sharon Road frontage of the site. The Petitioner is requested to provide and construct a bench pad for the existing bus stop, which should be relocated near the proposed new pedestrian crossing of Sharon Road.

Below is an image of the standard detail (60.02A) for the requested bus stop pad. Permanent easement is requested, where dimensions exceed existing or proposed right-of-way limits. CATS will be responsible for installation and maintenance of the bench.

Please contact me if there are any questions related to this request. Thank you.
