FINAL STAFF ANALYSIS
(Pre-Hearing Analysis online at www.rezoning.org)**PLANNING STAFF REVIEW****Proposed Request Details**

- This is a conventional rezoning petition, which applies all the standards, regulations and uses in the TOD-M (transit oriented development – mixed-use) zoning district. Uses allowed in the TOD-M district include office, residential, retail, and civic uses.

Public Plans and Policies

- The *Scaleybark Transit Station Area Plan* (2008) recommends mixed use transit supportive development for the subject site and surrounding properties.
- The petition supports the *General Development Policies-Environment* by redeveloping an infill site near a transit station, thereby minimizing further environmental impacts while accommodating growth.

TRANSPORTATION CONSIDERATIONS

- As a small conventional rezoning, CDOT does not have any concerns with this petition. The site is in close proximity to the Scaleybark Light Rail Transit Station. There are gaps in the sidewalks that lead to the station; however, these gaps will be filled in with development adjacent to the transit station.
- **Vehicle Trip Generation:**
Current Zoning: 70 trips per day (based on 19,600 square feet of warehouse uses).
Proposed Zoning: Allows for a wide variety of uses.
