

**Petition No: 2016-053**

---

**RECOMMENDATION**

We have the following comments that are critical to CMS' support of this petition:

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about rezoning cases where school utilization exceeds 100% since the proposed development will exacerbate this situation. Approval of this petition will increase overcrowding and/or reliance upon mobile classrooms at the schools listed below.

**There is no significant impact as a result of this development.**

CMS recommends the petitioner schedule a meeting with staff to discuss any opportunities that the petitioner/developer may propose to improve the adequacy of school capacity in the immediate area of the proposed development.

**TOTAL IMPACT FROM PROPOSED DEVELOPMENT**

*Proposed Housing Units:* The conditional district request seeks to allow 260 multi-family dwelling units on 14.21 acres under UR-2 (CD) zoning.

*CMS Planning Area:* 17

Average Student Yield per Unit: 0.0910

This development will add 24 students to the schools in this area.

The following data is as of 20<sup>th</sup> Day of the 2015-2016 school year.

<i>Schools Affected</i>	<i>Total Classroom Teachers</i>	<i>Building Classrooms/Teacher Stations</i>	<i>20<sup>th</sup> Day, Enrollment (non-ec)</i>	<i>Building Classroom/Adjusted Capacity (Without Mobiles)</i>	<i>20<sup>th</sup> Day, Building Utilization (Without Mobiles)</i>	<i>Additional Students As a result of this development</i>	<i>Utilization As of result of this development (Without Mobiles)</i>
HORNETS NEST ELEMENTARY	34	36	642	680	94%	10	96%
RANSON MIDDLE	47	52	934	1033	90%	3	91%
HOPEWELL HIGH	88.5	100	1669	1862	89%	11	89%

---

**INCREMENTAL IMPACT FROM PROPOSED DEVELOPMENT\***

*Existing number of housing units allowed:* The subject property is currently vacant. Petition 2006-38 rezoned the subject property as part of 54.72 acres to MX-1 to allow 257 single family dwellings at a density of 4.9 units per acre.

The site plan shows approximately 68 lots on the 14.21 acre area that is being rezoned via Petition 2016-53.

*Number of students potentially generated under current zoning:* 29 students (14 elementary, 7 middle, 8 high)

The development allowed under the existing zoning would generate 29 student(s), while the development allowed under the proposed zoning will produce 24 student(s). Therefore, the net change in the number of students generated from existing zoning to proposed zoning is zero student(s).

*As requested, we are also providing information regarding the difference in the number of potential students from the existing zoning to the proposed zoning. Please note that this method of determining potential numbers of students from an area underestimates the number of students CMS may gain from the new development.*
