**Re: Rezoning Petition 2016-063**

Location: 1.18 acres on the north side of N. Davidson St. at the intersection of Craighead Rd.

Dear Ms. Duhaney:

Representatives of the Air Quality (MCAQ), Groundwater & Wastewater Services (MCGWS), Solid Waste (MCSW), Storm Water Services (MCSWS), and Water Quality (MCWQ) Programs of the Mecklenburg County Land Use and Environmental Services Agency (LUESA) have reviewed the above referenced rezoning petition.

**Programs with No Comment at this Time**

**Solid Waste, Water Quality, Groundwater & Wastewater Services**

**Recommendations and/or Ordinance Requirement Reminders**

**Air Quality**

Development of this site may require submission of an asbestos Notification of Demolition and Renovation to MCAQ due to possible demolition or relocation of an existing structure. A letter of notification and the required forms have been mailed directly to the petitioner by MCAQ.

Because the proposed development will likely attract commuter trips, MCAQ recommends that the petitioner be required to provide "preferred" (attractive, conveniently located, or reduced cost) parking for "Clean Commuters" (carpool, vanpool, hybrid vehicles and/or electric vehicles).

As a point of reference, the LEEDv4 (Leadership in Energy Efficiency and Design) standard for Alternative Transportation requires developers to provide preferred parking for 5% of total parking spaces for car/vanpools or fuel efficient, low emitting vehicles. An additional 2% of parking spaces must have refueling stations: electric vehicle charging, liquid, gas, or battery facilities. More information on these standards can be found in *LEED v4: Building Design and Construction* located at: [www.usgbc.org](http://www.usgbc.org).

No further comments on the above petition at this time.

Please contact the staff members who conducted the reviews if you have any questions.
