DEVELOPMENT STANDARDS

- General Provisions**
- Development of the site will be controlled by the standards depicted on this site plan and by the standards of the Charlotte Zoning Ordinance. The development depicted on this plan is intended to reflect the arrangement of proposed uses on the site, but the exact configuration, placement, and size of individual site elements may be altered or modified within the limits prescribed by the ordinance during the design development and construction phases as allowed under the provisions of Section 6.2 of the Zoning Ordinance.
  - The Petitioner acknowledges that other standard development requirements imposed by other city ordinances, such as those that regulate streets, sidewalks, trees, bicycle parking, and site development, may apply to the development of this site. These are not zoning regulations, are not administered by the Zoning Administrator, and are not separate zoning conditions imposed by this site plan. Unless specifically noted in the conditions for this site plan, these other standard development requirements will be applied to the development of this site as defined by those other city ordinances.
  - Throughout this Rezoning Petition, the terms "Owner", "Owners", "Petitioner" or "Petitioners," shall, with respect to the Site, be deemed to include the heirs, devisees, personal representatives, successors in interest and assignees of the owner or owners of the Site who may be involved in its development from time to time.
- Purpose**
- The purpose of this Rezoning application is to provide for the repurposing of industrial buildings to allow for a mixture of uses. The Petitioner also seeks approval of an Optional request to allow for paved and unpaved parking to remain as located between the building and the street. In addition and due to the location and variation in the building walls relative to the Yancey Road curb line, the Petitioner may need to propose alterations to the streetscape plan for this property. To achieve these purposes, the application seeks the rezoning of the site to the MUDD-O district.
- Permitted Uses**
- Uses allowed on the property included in this Petition will be those uses and related accessory uses as are permitted in the MUDD district unless otherwise restricted by the provisions of this plan.
- Transportation**
- The site will have access via a driveway connection to Yancey Street and Old Pineville Rd. as generally identified on the concept plan for the site.
  - Parking areas, including on street parking, are generally indicated on the concept plan for the site.
- Architectural Standards**
- The development of the site will be governed by the district regulations of the Zoning Ordinance for the MUDD district
