

REQUEST Current Zoning: I-2 (general industrial)
Proposed Zoning: TOD-M (transit oriented development – mixed-use)

LOCATION Approximately 0.42 acres located on the north side of West Bland Street between South Tryon Street and Winnifred Street.
(Council District 3 - Mayfield)

SUMMARY OF PETITION The petition proposes to allow all transit supportive uses per conventional TOD-M (transit oriented development – mixed-use) zoning for a 0.42 acre site located in South End and within a ¼ mile walk of the Bland Street transit station on the LYNX Blue Line. Uses allowed in the TOD-M (transit oriented development – mixed-use) district include office, residential, retail, and civic uses.

STATEMENT OF CONSISTENCY

- The Zoning Committee found this petition to be consistent with the *South End Transit Station Area Plan*, based on information from the staff analysis and the public hearing, and because:
 - The plan recommends mixed-use transit supportive development for the area in which the site is located.
- Therefore, this petition was found to be reasonable and in the public interest, based on information from the staff analysis and the public hearing, and because:
 - The subject site is within a ¼ mile walk of the Bland Street transit station on the LYNX Blue Line; and
 - The proposal allows a site being used for industrial/office use to convert to transit supportive land uses; and
 - Use of conventional TOD-M (transit oriented development – mixed-use) zoning applies standards and regulations to create the desired form and intensity of transit supportive development, and a conditional rezoning is not necessary; and
 - TOD (transit oriented development) standards include requirements for appropriate streetscape treatment, building setbacks, street-facing building walls, entrances, and screening;

By a 7-0 vote of the Zoning Committee (motion by Labovitz seconded by Wiggins).

ZONING COMMITTEE ACTION The Zoning Committee voted 7-0 to recommend **APPROVAL** of this petition.

ZONING COMMITTEE DISCUSSION Staff noted that this was a conventional request with no associated site plan and that it will allow all uses in the ordinance for this district. Staff also stated that this petition is consistent with the *South End Transit Station Area Plan*. There was no further discussion of this petition.

STAFF OPINIONStaff agrees with the recommendation of the Zoning Committee.

FINAL STAFF ANALYSIS
(Pre-Hearing Analysis online at www.rezoning.org)**PLANNING STAFF REVIEW**

- **Proposed Request Details**
 - This is a conventional rezoning petition, which applies all the standards, regulations and uses in the TOD-M (transit oriented development – mixed-use) zoning district. Uses allowed in the TOD-M district include office, residential, retail, and civic uses.
- **Public Plans and Policies**
 - The *South End Transit Station Area Plan* (2005) recommends mixed-use transit supportive development for the subject site and surrounding properties.
- **TRANSPORTATION CONSIDERATIONS**
 - The site fronts a major collector approximately 200 feet away from a signalized intersection with a major thoroughfare and is within a block generally zoned for transit oriented development. While the *South End Transit Station Area Plan* does not call for widening Bland Street, CDOT will work with the petitioner during permitting to replace the existing back of curb sidewalk with streetscape standards for this zoning district to contribute to the multimodal transportation infrastructure goals in the area plan.
 - **Vehicle Trip Generation:**
Current Zoning: 95 trips per day (based on 8,324 square feet of warehouse uses and 1,856 square feet of office uses).
Proposed Zoning: Too many uses to determine trip generation.

DEPARTMENT COMMENTS (see full department reports online)

- **Charlotte Area Transit System:** No issues.
- **Charlotte Department of Neighborhood & Business Services:** No issues.
- **Charlotte Fire Department:** No issues.
- **Charlotte-Mecklenburg Schools:** The conventional district allows a variety of uses; therefore, the impact on local schools cannot be determined.
- **Charlotte-Mecklenburg Storm Water Services:** Flooding and surface water quality impacts associated with impervious surfaces on this site are being addressed through compliance with the Post-Construction Stormwater Ordinance. Compliance may include installing devices that hold and slowly release runoff over time to reduce flooding potential, devices that filter pollutants from runoff before release to streams, preservation of vegetated stream buffer zones, preservation of upland trees and forested areas, or paying a mitigation fee in lieu of onsite stormwater control devices. Compliance with the Post-Construction Stormwater Ordinance addresses concerns related to flooding and surface water impacts, and therefore staff has no further comments.
- **Charlotte Water:** Charlotte Water has water system availability for the rezoning boundary via an existing eight-inch water distribution main located along West Bland Street. The proposed rezoning is located in an area that Charlotte Water has determined to have limited sanitary sewer system capacity.
- **Engineering and Property Management:** No issues.
- **Mecklenburg County Land Use and Environmental Services Agency:** No comments received.
- **Mecklenburg County Parks and Recreation Department:** No issues.
