Attachments: Bus shelter pad detail

I. SUMMARY REMARKS:

This site is located on a planned new bus route connecting to the new LYNX Blue Line Extension. The Petitioner is requested to provide and construct a new shelter pad for a new bus stop on Mallard Creek Church Road.

Below is an image of the standard detail (60.03A) for the requested bus stop shelter pad. The proposed multi-use trail may replace the sidewalk shown in the detail (60.03A). Permanent easement is requested, where dimensions exceed existing or proposed right-of-way limits.

Please contact me if there are any questions related to this request. Thank you.
