

Petition No: 2016-129

RECOMMENDATION

We have the following comments that are critical to CMS' support of this petition:

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about rezoning cases where school utilization exceeds 100% since the proposed development will exacerbate this situation. Approval of this petition will increase overcrowding and/or reliance upon mobile classrooms at the schools listed below.

The total estimated capital cost of providing the additional school capacity for this new development is \$431,000 calculated as follows:

- Elementary School: 10 x \$20,000 = \$200,000
- Middle School: 3 x \$23,000 = \$69,000
- High School: 6 x \$27,000 = \$162,000

CMS recommends the petitioner schedule a meeting with staff to discuss any opportunities that the petitioner/developer may propose to improve the adequacy of school capacity in the immediate area of the proposed development.

TOTAL IMPACT FROM PROPOSED DEVELOPMENT

Proposed Housing Units: conditional district request seeks to allow up to 144 multi-family dwelling units, in no more than 17 buildings under U-2 (CD) and UR-2 (CD)

CMS Planning Area: 4, 17, 18, 19

Average Student Yield per Unit: 0.1350

This development will add 19 student to the schools in this area.

The following data is as of 20th Day of the 2015-16 school year.

<i>Schools Affected</i>	<i>Total Classroom Teachers</i>	<i>Building Classrooms/ Teacher Stations</i>	<i>20th Day, Enrollment (non-ec)</i>	<i>Building Classroom/ Adjusted Capacity (Without Mobiles)</i>	<i>20th Day, Building Utilization (Without Mobiles)</i>	<i>Additional Students As a result of this development</i>	<i>Utilization As of result of this development (Without Mobiles)</i>
DAVID COX ELEMENTARY	42	37	668	588	114%	10	115%
RIDGE ROAD MIDDLE	61.5	56	1191	1084	110%	3	110%
MALLARD CREEK HIGH	124.8	98	2520	2027	127%	6	127%

INCREMENTAL IMPACT FROM PROPOSED DEVELOPMENT*

Existing number of housing units allowed: the subject property is currently undeveloped. The approximately 0.35 acres zoned R-3 would allow approximately 1.05 residential dwellings. The existing R-3 zoning allows all uses which includes single-family detached dwellings, and duplex units are allowed by right on a corner lot.

The conditional UR-2 (CD) district was rezoned via Petition 2007-92, which allowed 145 single-family attached dwellings units and condominium residential dwellings.

Number of students potentially generated under current zoning: 31 students (14 elementary, 6 middle and 11 high)

The development allowed under the existing zoning would generate 31 student(s), while the development allowed under the proposed zoning will produce 19 student. Therefore, the net change in the number of students generated from existing zoning to proposed zoning is zero (0).

As requested, we are also providing information regarding the difference in the number of potential students from the existing zoning to the proposed zoning. Please note that this method of determining potential numbers of students from an area underestimates the number of students CMS may gain from the new development.
