DEVELOPMENT STANDARDS

1. GENERAL PROVISIONS
 - A. These Development Standards form a part of the Rezoning Plan (comprised of the Technical Data Sheet and Development Standards) associated with the Rezoning Petition filed by White Point Paces Properties, LLC (the "Petitioner") for an approximately .632 acre site located on the south side of North Brevard Street and the east side of Belmont Avenue near the intersection of North Brevard Street and Belmont Avenue, which site is more particularly depicted on the Rezoning Plan (hereinafter referred to as the "Site"). The Site is comprised of those parcels of land designated as Tax Parcel Nos. 081-062-16, 081-062-17, 081-062-02, 081-062-01 and 081-062-03.
 - B. The development of the Site will be governed by the Rezoning Plan, these Development Standards and the applicable provisions of the City of Charlotte Zoning Ordinance (the "Ordinance"). Subject to the optional provisions set out below, the regulations established under the Ordinance for the TOD-M zoning district shall govern the development and use of the Site.
 - C. As noted above in Section 1.A. and as depicted on the Rezoning Plan, the Site is comprised of five separate parcels of land (each such parcel of land being hereinafter individually referred to as a "parcel"). Petitioner may Redevelop (as defined below) each parcel separately and at different times or Petitioner may, at its option, develop multiple parcels or the entire Site concurrently.
 - D. For all purposes herein, the terms "Redeveloped" or "Redevelopment" shall mean the construction of a new building on the relevant portion of the Site. "Building" shall be defined as provided under the Ordinance. For all purposes herein, "Redeveloped" or "Redevelopment" shall not include the construction and installation of a surface parking lot, planting strips, sidewalks and related improvements and a gazebo or band shell on the Site. The foregoing definition of "Redeveloped" or "Redevelopment" shall not apply to matters relating to the Post Construction Stormwater Ordinance.
 - E. The Site shall be considered to be a planned/unified development. Therefore, side and rear yards, buffers, building height separation requirements, building separation requirements and other zoning standards shall not be required internally between improvements and uses on the Site. Subject to the optional provisions set out below, the Site shall be required to meet any applicable side and rear yard requirements and buffer requirements with respect to the exterior boundaries of the Site.
 - F. Pursuant to Section 1.110 of the Ordinance and Section 160A-385.1 of the North Carolina General Statutes, the Rezoning Plan, if approved, shall be vested for a period of 5 years due to the size and phasing of the development, the level of investment, economic cycles and market conditions.
 - G. Future amendments to the Rezoning Plan and/or these Development Standards may be applied for by the then owner or owners of the Site in accordance with the provisions of Chapter 6 of the Ordinance. Alterations to the Rezoning Plan are subject to Section 6.207 of the Ordinance.
2. OPTIONAL PROVISIONS

The optional provisions set out below shall apply to the development of the Site.

 - A. Until such time that a parcel located within the Site is Redeveloped, the existing building located on such parcel may remain in place and be devoted to the uses permitted herein.
 - B. The existing buildings located on the Site shall not be required to meet the urban design standards of the TOD-M zoning district.

During the time period in which the Site (or portions thereof) is devoted to surface parking that will support the Mill Building and uses located on Tax Parcel No. 081-042-02, the optional provisions set out below shall apply to the Site. These optional provisions may not be utilized upon the Redevelopment of the Site.
