Attachments: Bus stop pad detail

I. SUMMARY REMARKS:

This site is located on an existing bus route. The Petitioner is requested to provide and construct a new waiting pad for a relocated bus stop on Ashley Road. The recommended new location is within the proposed new planting strip on Ashley Road, at least fifty feet south of the proposed driveway, so that a stopped bus will not block the driveway.

Below is an image of the standard detail (60.01B) for the requested bus stop pad. Permanent easement is requested, where dimensions exceed existing or proposed right-of-way limits.

Please contact me if there are any questions related to this request. Thank you.
