Attachments: Bus stop pad detail

I. SUMMARY REMARKS:

This site is located on an existing bus route. The Petitioner is requested to provide and construct a new waiting pad for a relocated bus stop on Park Road. The recommended new location is within the planting strip along Park Road, at least fifty feet north of the development entrance so that a stopped bus will not block the entrance.

Below is an image of the standard detail (60.01B) for the requested bus stop pad. Permanent easement is requested, where dimensions exceed existing or proposed right-of-way limits.

Please contact me if there are any questions related to this request. Thank you.
