

**Petition No: 2017-078**

**RECOMMENDATION**

We have the following comments that are critical to CMS' support of this petition:

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about rezoning cases where school utilization exceeds 100% since the proposed development will exacerbate this situation. Approval of this petition will increase overcrowding and/or reliance upon mobile classrooms at the schools listed below.

The total estimated capital cost of providing the additional school capacity for this new development is \$47,000 calculated as follows:

Elementary School: 1 x \$20,000 = \$20,000

High School: 1 x \$27,000 = \$27,000

CMS recommends the petitioner schedule a meeting with staff to discuss any opportunities that the petitioner/developer may propose to improve the adequacy of school capacity in the immediate area of the proposed development.

**TOTAL IMPACT FROM PROPOSED DEVELOPMENT**

*Proposed Housing Units:* The conventional district request seeks to allow all uses permitted in the O-1 district. Residential dwellings (detached, duplex, triplex, quadruplex and multi-family residential dwellings) are permitted at a density of 12 units per acre. The approximately 0.19 acres zoned O-1 would allow approximately 2.28 dwellings units.

*CMS Planning Area:* 14,15,16

Average Student Yield per Unit: 0.7225

This development will add 2 students to the schools in this area.

The following data is as of 20<sup>th</sup> Day of the 2016-17 school year.

<i>Schools Affected</i>	<i>Total Classroom Teachers</i>	<i>Building Classrooms/ Teacher Stations</i>	<i>20<sup>th</sup> Day, Enrollment (non-ec)</i>	<i>Building Classroom/ Adjusted Capacity (Without Mobiles)</i>	<i>20<sup>th</sup> Day, Building Utilization (Without Mobiles)</i>	<i>Additional Students As a result of this development</i>	<i>Utilization As of result of this development (Without Mobiles)</i>
BERRYHILL PREK-8	50.1	28	703	393	179%	1	<b>179%</b>
BERRYHILL PREK-8	-	-	-	-	-	0	<b>179%</b>
WEST MECKLENBURG HIGH	114.0	102	1804	1614	112%	1	<b>112%</b>

**INCREMENTAL IMPACT FROM PROPOSED DEVELOPMENT\***

*Existing number of housing units allowed:* The subject property is currently developed with a single family detached dwelling. The conventional R-3 zoning allows all uses permitted in the district, which includes single family detached dwellings, and duplex units are allowed by right on a corner lot. The approximately 0.19 acres zoned R-3 conventional would allow approximately 0.57 residential dwellings.

*Number of students potentially generated under current zoning:* zero (0) students

The development allowed under the existing zoning would generate zero (0) student(s), while the development allowed under the proposed zoning will produce 2 student(s). Therefore, the net change in the number of students generated from existing zoning to proposed zoning is 2 student(s).

*As requested, we are also providing information regarding the difference in the number of potential students from the existing zoning to the proposed zoning. Please note that this method of determining potential numbers of students from an area underestimates the number of students CMS may gain from the new development.*
