Comments:

The City of Charlotte does not service garbage and recycle carts within an alleyway as the truck is not allowed to back out onto the street, and in an automated truck the collection needs room to extend out to pick up the cart to lift and dump.

Carts will need to be brought out to the curb of the street for collection.

Below is a sample of sizes of trucks currently used. *Fleet subject to change.

| Unit Type | Wheel base, Center of front wheel to center of rear wheel drive | Complete Length | GVW | Size | Cab |
|------------------|-----------------------------------------------------------------|-----------------|------------------|---------------|----------|
| CNG Automated | 22.5' | 36.5' | 64,000 to 66,000 | 31 cubic yard | Cab over |
| Diesel Automated | 21' | 33.5' | 64,000 to 66,000 | 31 cubic yard | Cab over |

- **Sec. 10-99. - Rollout container collection service.**

(a) Rollout container collection service shall be provided to single residential units and special residential units, provided such special residential units are not part of a multifamily complex containing 30 or more units. The approval of development configurations, lot lines, phase lines, or variations in forms or timing of ownership that may be approved under any provisions of the city subdivision ordinance and/or the city zoning ordinance after initial approval of development configurations, lot lines, phase lines, or variations in forms or

timing of ownership, will not exempt the development or any portions of the development from the applicable provisions of this section.

(b) Except as provided in [section 10-100](#), rollout containers will be collected from the curb. Containers must be placed at ground level, within six feet of the curb and at least three feet away from each other or other obstacles such as mailboxes, telephone poles, automobiles, bulky items, trees, etc., or in a location specified by the solid waste service director or director's designee. A customer should use reasonable care and caution when placing a rollout container along the curb and should avoid interfering with the access to or denying the use of a sidewalk by others. Service may be denied to:

(1)

Any improperly placed container;

(2)

Any container that is not accessible to solid waste services personnel without having to unlock or open a door, ascend or descend multiple steps, unlock or open a gate or similar obstacle, or encounter a vicious animal; and

(3)

Any container rendered inaccessible by parked vehicles, equipment or other objects.
