- The plan recommends office/warehouse land uses for the subject

PLANNING STAFF REVIEW

- **Proposed Request Details**
  This is a conventional rezoning petition with no associated site plan.
  - The I-1 (light industrial) district is designed to create and protect industrial areas for light manufacturing and the distribution of wholesale products. Uses permitted in the I-1 district by-right and under prescribed conditions, in addition to light manufacturing and distribution, include automotive sales and repair; boat and ship sales and repair; financial institutions up to 70,000 square feet; hotels and motels; manufactured housing sales; offices up to 400,000 square feet; retail establishments; shopping centers and businesses; personal and recreational services up to 70,000 square feet; theatres, motion picture; child care centers; day labor service agencies; and homeless shelters.

- **Public Plans and Policies**
  - The *Northlake Area Plan* (adopted 2008) recommend office and warehouse uses for this site and the surrounding area.

- **TRANSPORTATION CONSIDERATIONS**
  - The site is located at an unsignalized intersection of major collectors, and the proposed land use will substantially decrease the current zoning’s projected daily trips.
  - **Vehicle Trip Generation:**
    - **Current Zoning:**
      - Existing Use: 190 trips per day (based on 51,900 square feet of warehouse uses).
      - Entitlement: 2,200 trips per day (based on 51,400 square feet of retail uses).
    - **Proposed Zoning:** 120 trips per day (based on 51,400 square feet of warehouse uses).
