### REQUEST
- **Current Zoning:** MUDD (mixed use development)
- **Proposed Zoning:** MUDD-O (mixed use development, optional)

### LOCATION
Approximately 1.37 acres located at the northwest intersection of West 1st Street and South Cedar Street, north of West Morehead Street.
(Council District 2 - Ivory)

### SUMMARY OF PETITION
The petition proposes to allow the reuse of existing 7,100 square-foot commercial structure and vacant lot for an eating/drinking/entertainment establishment (EDEE) in the Third Ward Neighborhood.

### PROPERTY OWNER
Charlotte Rescue Mission

### PETITIONER
Charlotte Rescue Mission

### AGENT/REPRESENTATIVE
Chris Todd, Timmons Group

### COMMUNITY MEETING
Meeting is required and has been held. Report available online.
Number of people attending the Community Meeting: 10

### STAFF RECOMMENDATION
Staff recommends approval of this petition.

#### Plan Consistency
The petition is consistent with the *West Morehead Corridor Vision and Concept Plan* recommendation for institutional uses and park/open space.

#### Rationale for Recommendation
- The plan recommendation for institutional uses recognized the established institutional use, the Charlotte Rescue Mission, and the recommendation for office retail and multi-family reflected for the existing vacant lot.
- Key plan recommendations for the subject site and surrounding properties include: preservation and reuse of older buildings; development of similar building types on vacant property; and enhancement of the pedestrian environment.
- The reuse of the existing building for an eating/drinking/entertainment establishment is consistent with the adopted plan’s recommendation for preservation of older buildings.
- The proposed eating/drinking/entertainment establishment supports the mission and objectives of the established institutional use and is compatible with the recommendation for a mix of residential, office and retail uses on the subject parcel and surrounding properties.
- The proposed urban open space is consistent with the recommendation for park/open space and improves the pedestrian environment.

### PLANNING STAFF REVIEW
- **Proposed Request Details**
  - The site plan accompanying this petition contains the following provisions:
  - Allows an existing 7,570 square foot building and vacant lot to be used for an eating/drinking/entertainment establishment (EDEE) Type 1 and Type 2 and associated parking.
  - Maintains the existing commercial structure on the site.
  - Eight-foot planting strip and eight-foot sidewalk along Cedar Street.
  - Eight-foot planting strip and six-foot sidewalk with on-street parking along West First Street.
  - Improved open space area which will contain hardscape areas, pedestrian connection, benches, and a masonry wall to screen proposed parking.
  - Parking will not be located within 50 feet of the back of sidewalk on Cedar Street.
  - Maximum height limited to 50 feet.
Requests the following optional provisions to facilitate the reuse of the building and develop the vacant property:

- To allow maneuvering and parking between the building and the public street. Parking and maneuvering between the building is prohibited in the MUDD district.
- To allow a 4.7-foot setback along West First Street to accommodate the existing building. MUDD normally requires a minimum 14-foot setback from the public street.
- To allow a six-foot tall and 30 square-foot sign face area, ground mounted detached sign. MUDD normally allows a five-foot tall and 20 square feet of sign face area.

**Existing Zoning and Land Use**
- The subject site is zoned MUDD (mixed use development) and developed with an existing commercial warehouse building, and a portion of the site is vacant.
- The property to the north is zoned UR-2 (urban residential) and developed with residential townhomes.
- The property to the east and south is zoned MUDD (mixed use development) and developed with commercial/office and warehouse buildings.
- The property to the west is zoned MUDD (mixed use development) and developed with an institutional use (Charlotte Rescue Mission).
- See “Rezoning Map” for existing zoning in the area.

**Rezoning History in Area**
- There has been no rezoning in the immediate area in the past four years.

**Public Plans and Policies**

**TRANSPORTATION CONSIDERATIONS**
- The site is located at the unsignalized intersection of a major collector and a local street. The site plan commits to streetscape and access driveways that will preserve and enhance the walkability of this site.

**Vehicle Trip Generation:**
- **Current Zoning:**
  - Existing Use: 0 trips per day (based on vacant land).
  - Entitlement: Too many uses to determine trip generation.
- **Proposed Zoning:** 1,390 trips per day (based on 8,696 square feet of EDEE uses).

**DEPARTMENT COMMENTS** (see full department reports online)
- **Charlotte Area Transit System:** No issues.
- **Charlotte Department of Housing and Neighborhood Services:** No issues.
- **Charlotte Fire Department:** No on street parking on roads less than 26 feet clear width.
- **Charlotte-Mecklenburg Schools:** Non-residential petitions do not impact the number of students attending local schools.
- **Charlotte Water:** Charlotte Water has water system availability for the rezoning boundary via existing six-inch water distribution mains located along West First Street and South Cedar Street and sewer system availability via existing eight-inch gravity sewer mains located along West 1st Street and South Cedar Street.
- **Engineering and Property Management:**
  - **Arborist:** Trees cannot be removed from or planted in the right of way of all City of Charlotte maintained streets. Contact Laurie Reid (704-336-5753) at the City Arborist’s office to discuss trees species to be planted in the right of way on a City of Charlotte maintained street; species must be approved before planting.
  - **Erosion Control:** No issues.
  - **Land Development:** No issues.
  - **Storm Water Services:** No issues.
  - **Urban Forestry:** No issues.
- **Mecklenburg County Land Use and Environmental Services Agency:** No issues.
- **Mecklenburg County Parks and Recreation Department:** No issues.
OUTSTANDING ISSUES

Site and Building Design
1. Modify optional request “C” to read, “the existing building will be allowed to remain at 4.7 foot setback along a portion of West First Street.” Addressed.
2. Label and list the square footage of the existing building. Addressed.
3. Add a note and limit building height to the height of the existing building. Addressed.
4. Modify note 5 “e” and adjust height for proposed wall to 48 inches. Addressed.
