THE PROPERTY CONTAINED IN TAX PARCEL \*080-194-07 IS INCLUDED WITHIN TAX PARCEL \*080-194-07 ON THE SITE PLAN.

2. GENERAL PROVISIONS:

- a. These Development Conditions form a part of the rezoning petition filed by Central Piedmont Community College ("Petitioner" or "Owner") to accommodate the future development of an approximately 1.76 acre site consisting of eight (8) parcels located in the block bounded by Charlottetown Avenue, Elizabeth Avenue, N. Torrence Street and East Fifth Street in Charlotte, North Carolina, and which is more particularly depicted on the enclosed Site Plan (the "Site").
b. Petitioner desires to rezone the Site to a zoning classification compatible with its existing Central Piedmont Community College Central Campus ("Central Campus") to allow for seamless expansion of the existing Central Campus and harmonious development of the Site.
c. These Development Conditions, the Site Plan, Petitioner's Application for Rezoning ("Application") and any revisions thereof are collectively referred to as the "Rezoning Petition" or "Conditional Plan".
d. The development of this Site will be governed by the Conditional Plan and the applicable provisions of the City of Charlotte's Zoning Ordinance (the "Ordinance").
e. Drawings, renderings, photographs or other illustrations submitted with the Site Plan or included with the Application are illustrative for the purpose of providing examples of the types of building materials and architectural styles of the proposed buildings and may not represent the actual appearance of the proposed buildings to be constructed on the Site.
f. Alterations to the Conditional Plan are subject to Section 6.207 Alternations to Approval of the Ordinance.

3. OPTIONAL PROVISIONS

- a. The MUDD (O) is provided herein to allow the temporary buildings and storage use in conjunction with the construction of six (6) different buildings located on the Central Campus.
b. The MUDD (O) is provided herein to permit existing development conditions on the Site to remain until new development commences at a particular, individual portion on the Site, at which time said new development shall comply with the provisions of the MUDD district, subject to the conditions set forth in this Rezoning Petition.
c. The MUDD (O) is provided herein to require no additional dedication of right of way for nine (9') planting strip along Elizabeth Avenue, provided however as driveways along Elizabeth Avenue are removed, Petitioner shall provide required trees and planters within the sidewalk.

4. PERMITTED USES

- a. Any new development on the Site will be devoted to use as a Community College Campus, including, but not limited to, classrooms, labs, conference rooms or centers and offices, together with other uses and/or accessory uses that are permitted under the Ordinance by right or under prescribed conditions in the MUDD Zoning District, except that residential uses are not allowed.
b. A portion of the site will be used for temporary buildings and storage uses in connection with construction of buildings on the Site and on Central Campus. Such temporary uses shall be terminated upon the completion of construction. During said temporary uses, the Site will comply with the following criteria:
(i) That the storage site is located a distance at least 200 feet from any residential land use or property with a residential zoning classification.
(ii) Location of an approved temporary access to the alternative storage site;
(iii) Installation of temporary opaque screening to mitigate impacts to surrounding less intense land uses;
(iv) Fencing and required signage;
(v) Leasing of necessary right-of-way or easements to facilitate safe movement of materials between the two sites during construction.
(vi) A traffic control and associated operational plan for use of the site during the course of construction; timetable for use of the site and preparation of an approved site restoration plan to be implemented prior to the issuance of a certificate of occupancy for the principal use.
(vii) Posting of any additional surety and guarantee the repair of any public improvements that may be impacted during the construction process.

5. TRANSPORTATION:

- a. Along Elizabeth Avenue, Petitioner shall offer for dedication any additional right of way, as necessary to accommodate a fifteen foot (15') sidewalk. This offer of dedication shall be made prior to the issuance of a Certificate of Occupancy.
b. Petitioner shall offer for dedication additional right-of-way along Charlottetown Avenue to allow for an twelve foot (12') planting strip and eight foot (8') sidewalk (twenty (20') from existing back of curb). This offer of dedication shall be made prior to the issuance of a Certificate of Occupancy. Petitioner reserves the right to designate pedestrian and cyclist sections of the sidewalk through the use of pavers or decorative stamped/colored concrete subject to obtaining a Right of Way Encroachment Agreement as set forth in (e)(7) below.
c. Along East Fifth Street, Petitioner shall provide an eight foot (8') sidewalk and eight foot (8') planting strip (16' from back of existing curb), as generally depicted on the site plan.
d. In order to improve the safety of the intersection for both pedestrians and cyclists, Petitioner shall pay up to Fourteen Thousand Dollars and 0/100 (\$14,000) for the installation of four (4) dual message blank out signs at the intersection of Elizabeth Avenue and Charlottetown Avenue.
e. Driveways:
(1) Exact access to the Site will be determined after orientation of the proposed buildings in relation to the adjacent rights of way is established; provided, however, the site shall have access along both Fifth Street and Elizabeth Avenue.
(2) Adequate sight triangles for any new development of the Site shall be reserved at the street entrance(s). All proposed trees, berms, walls, fences, and/or identification signs must not interfere with sight distances at the entrance(s).
(3) If required by the Charlotte Department of Transportation ("CDOT") during the permitting process, Petitioner will conduct a traffic impact study to determine traffic impacts, and associated mitigations, if any, caused by the development of the site before a building permit is issued for any parcel covered under the current Rezoning Petition.
(4) Any proposed driveway connections to Fifth Street and Elizabeth Avenue will require driveway permits to be submitted to CDOT for review and approval. The exact driveway locations and type/width of the driveways will be determined by CDOT during the driveway permit process, provided however, Petitioner shall be permitted to have access along both Fifth Street and Elizabeth Avenue.
(5) All proposed commercial driveway connections to a future public street will require a driveway permit to be submitted to CDOT for review and approval.
(6) Any fence or wall constructed along or adjacent to any sidewalk or street right of way requires a certificate issued by CDOT.
(7) A Right of Way Encroachment Agreement is required for installation of any nonstandard item(s) (irrigation systems, decorative concrete pavement, brick pavers, etc.) within a proposed/existing City maintained street right of way by a private individual, group, business, or homeowner's/ business association. An encroachment agreement must be approved by CDOT prior to the construction/installation of the non-standard item(s). Contact CDOT for additional information concerning cost, submittal and liability insurance coverage requirements.

6. ARCHITECTURAL STANDARDS:

- a. Building materials for the buildings will consist of steel frame structure with an exterior of brick veneer with pre-cast stone elements. Architectural style for new building construction will be in keeping with the other buildings that have been built on campus over the past ten years as generally depicted in the attached renderings. Exterior building materials for new building construction and/or renovations to existing buildings will not include vinyl or sheet metal siding. Metal siding may be used to house mechanical equipment on the roof of the building.

7. STREETScape AND LANDSCAPING:

- a. Subject to the conditions set forth herein, it is intended that each building site shall comply with required streetscapes as each new building is constructed.
b. Site shall comply with the City of Charlotte Tree Ordinance.

8. ENVIRONMENTAL FEATURES

9. PARKS, GREENWAYS AND OPEN SPACE

10. FIRE LANE TREATMENT

11. SIGNAGE

12. LIGHTING:

- a. Subject to the conditions set forth herein, freestanding lighting will be limited to twenty five feet in height. All lighting to have full cut-off lighting fixtures.

13. PHASING:

- a. This site will be developed in phases. Phase I shall include the construction of the building at the corner of Charlottetown and Fifth Street.

AMENDMENTS TO REZONING PLAN:

Future amendments to this Conditional Plan, including these development conditions may be applied for by the then Owner or Owners of the Site in accordance with the provisions of Chapter 6 of the Ordinance.

VESTING:

Pursuant to the provisions of Section 1.110 of the Ordinance and N.C.G.S. 160A-385.1, due to the nature of the redevelopment, the level of investment, the timing of the redevelopment and certain infrastructure, economic cycles and market conditions this Rezoning Petition includes vesting of the approved Conditional Plan and conditional zoning district associated with this Rezoning Petition for a five (5) year period

BINDING EFFECT OF THE REZONING PETITION:

If this Rezoning Petition is approved, all conditions applicable to development of the Site imposed under these development conditions and the Conditional Plan, will, unless amended in the manner provided under the Ordinance, be binding upon and inure to the benefit of Petitioner and subsequent owners of the Site and their respective heirs, devisees, personal representatives, successors in interest or assigns, throughout these development conditions, the terms Petitioner and Owner(s) shall be deemed to include the heirs, devisees, personal representatives, successors in interest and assigns of the Petitioner or the owner or owners of the Site from time to time who may be involved in any future development thereof.
