**STAFF  
RECOMMENDATION**

Staff recommends approval of this petition upon resolution of outstanding issues related to site and building design.

Plan Consistency

The petition is consistent with the *Blue Line Extension Transit Station Plan*, which recommends transit oriented development.

Rationale for Recommendation

- The site is located within the ¼ mile walking distance of the 36<sup>th</sup> Street Transit Station Area and is currently developed with an eating/drinking/ entertainment establishment.
- The request proposes to reuse the existing building located on the site, which is consistent with the policy to preserve the historic structures and character of the Highland Mill and Mecklenburg Villages, noted in the adopted *Blue Line Extension Transit Station Plan*.
- The request meets the area plan's goal for active ground floor non-

residential uses along North Davidson Street (from E. 36<sup>th</sup> Street to E. 33<sup>rd</sup> Street) by creating an open market area along this main corridor in the transit station area and maintaining the existing nonresidential structure for uses permitted in the TOD-M zoning district.

**PLANNING STAFF REVIEW**

• **Proposed Request Details**

The site plan accompanying this petition contains the following provisions:

- Retains the existing eating/drinking/entertainment establishment and allows an open-air market.
- No parking will be provided for the open-air market.
- Existing alley will be preserved to allow for pedestrian access.
- If any building is demolished or expanded by more than 25% a rezoning will be required.

• **Existing Zoning and Land Use**

Petition 1998-29 rezoned the subject properties from B-1 (neighborhood business) to NS (neighborhood business) to allow all uses permitted in the B-1 (general business) district, with the exception of gas stations, drive-through windows, adult books and entertainment. The subject property is currently developed with an eating/drinking/entertainment/commercial use.

The subject property is developed with an eating/drinking/ entertainment establishment and associated parking.

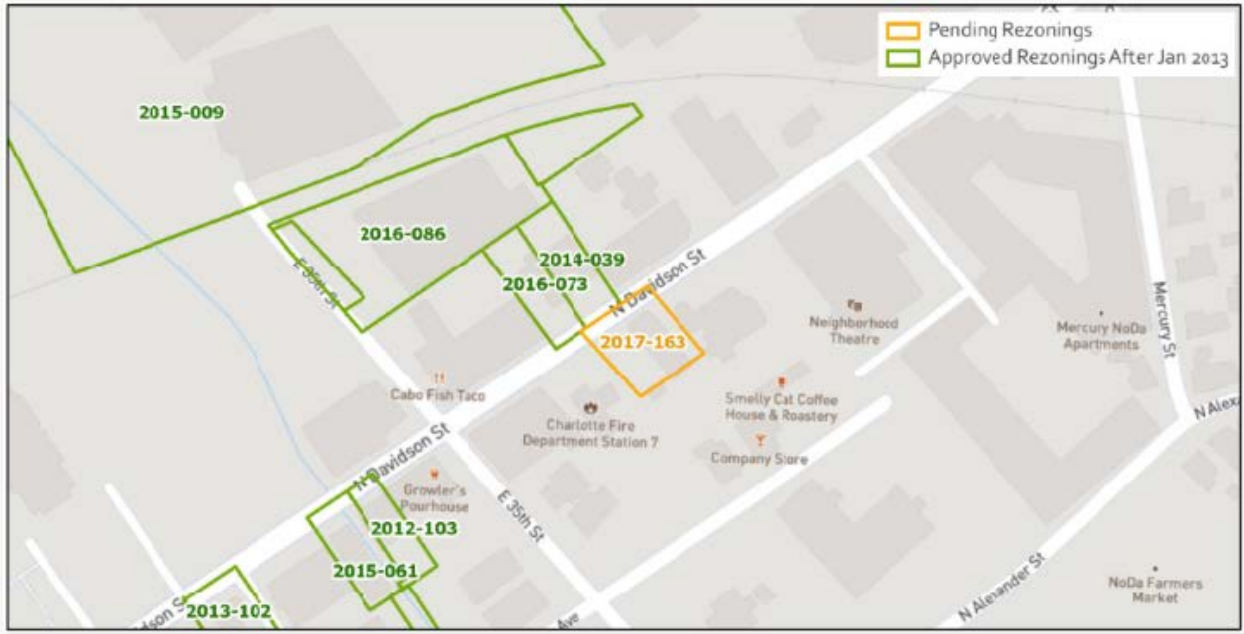

Surrounding properties on either side of North Davidson Street are developed with office, commercial/retail, eating/drinking/entertainment establishments, indoor recreation, warehouse, residential uses and a fire station. (Red arrow points to the subject property.)

A parking lot and other commercial uses are located behind the subject properties along Yadkin Avenue. (Red arrow points to the subject property.)

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status
2016-86 2016-73 2015-61 2015-09 2014-39 2013-102	There have been multiple rezonings in the immediate area to allow residential and non-residential uses in districts such as MUDD (mixed use development) and various TOD (transit oriented development).	Approved

• **Public Plans and Policies**

- The Blue Line Extension Transit Station Area Plans recommend transit oriented development on the subject site. The site is located within the 36<sup>th</sup> Street Transit Station Area.
- Plan policy recommends a height limit of 50 feet to maintain a scale that is compatible with the surrounding area and avoid a canyon effect along North Davidson Street.
- Community Design Guidelines within the plan encourage the reuse of existing structures.

- **TRANSPORTATION CONSIDERATIONS**

- The site is located on a minor thoroughfare. There are no proposed changes to the existing access or streetscape.
- **Vehicle Trip Generation:**
  - Current Zoning:
    - Existing Use: 250 trips per day (based on 2,640 square foot eating/drinking/entertainment establishment).
    - Entitlement: 250 trips per day (based on 2,640 square foot eating/drinking/entertainment establishment).
  - Proposed Zoning: 250 trips per day (based on 2,640 square foot eating/drinking/entertainment establishment and retail use).

**OUTSTANDING ISSUES**Site and Building Design

1. Add a heading entitled "Optional Provisions" and add optional requests to eliminate the open air market parking requirement of one space per 250 square feet, and the eating/drinking/entertainment establishment parking requirement of one space per 150 square feet.
  2. Delete Notes H and I, as they are policy from adopted plan.
  3. Provide development notes under proper headings.
  4. Add a note that the existing building is to remain.
