REQUEST

Current Zoning: MUDD (mixed use development district)
Proposed Zoning: MUDD-O (mixed use development district, optional)

LOCATION

Approximately 0.36 acres located at the corner of Hawkins Street and Doggett Street, south of Worthington Avenue. (Council District 3 - Mayfield)

SUMMARY OF PETITION

The petition proposes to allow the construction of up to 95 residential units and up to 11,000 square feet of non-residential uses in a building in excess of 120 feet in height.

PROPERTY OWNER

AP 1930 Camden Road LLC

PETITIONER

RAM Realty Advisors

AGENT/REPRESENTATIVE

Bridget Grant and Jeff Brown, Moore & Van Allen, PLLC

COMMUNITY MEETING

Meeting is required and has been held. Report available online.
Number of people attending the Community Meeting: 12

STAFF RECOMMENDATION

Staff recommends approval of this petition upon resolution of outstanding issues related to site design.

Plan Consistency

The petition is consistent with the South End Transit Station Area Plan recommendation for transit oriented development.

Rationale for Recommendation

• The petition will remove an existing surface parking lot and utilize the adjacent parking structure to eliminate the need for parking on site.
• The subject site is within ¼-mile walk of the East/West Boulevard Transit Station on the LYNX Blue Line.
• The proposed development will provide a mix of retail and residential uses.
• The petition provides active ground floor uses as well as
architectural design commitments for the ground floor, street facing facades that encourages pedestrian activity and complements the pedestrian environment.

- The 165-foot building height optional request is 45 feet greater in height than what is allowed by right in the MUDD (mixed use) and TOD (transit oriented development) ordinance standards.
- However, the building height and commitments to ground floor design details are consistent with the recent South End Vision Plan.

**PLANNING STAFF REVIEW**

- **Proposed Request Details**
  - The site plan accompanying this petition contains the following provisions:
    - The proposed rezoning is 0.36 acres of a larger 1.42 parcel currently developed with a parking garage which will remain, and is intended to serve this development.
    - Proposed 11,000 square feet for retail and office uses and 95 residential multi-family units.
    - 16-foot setback, with existing eight-foot planting strip and eight-foot sidewalk along Hawkins and Doggett Street.
    - Building materials will consist of a combination of brick, stone, precast stone, precast concrete, synthetic stone, cementious siding, stucco, EIFS, decorative metal panels, block and or wood. Vinyl will be prohibited as a building material and may only be used on windows, soffits and hand rails.
    - Images to demonstrate the proposed ground level details.
    - Tenant space to be a minimum of 20 feet deep.
    - The first floor of the building will include transparent doors and windows so that first floor uses are visible.
    - Optional provisions for the following:
      - To allow a maximum height limit of 165 feet, which is 45 feet over the allowed height in MUDD.
      - To allow encroachment of sanitary sewer and grease traps and stormwater facilities to encroach into the setback.

- **Existing Zoning and Land Use**
  - The subject property is currently zoned MUDD (mixed use development district) and is vacant. The surrounding properties are zoned MUDD (mixed use development district), UMUD (uptown development district), I-2 (general industrial) and TOD-M (transit orientated development-mixed) and developed with residential, office warehouse, parking structure and or vacant.
**Rezoning History in Area**

The site is at a focal point of the South End Transit Station area, and numerous additional rezonings to TOD (transit oriented development) zoning districts have been approved over the years.

**Public Plans and Policies**

- The *South End Transit Station Area Plan* (2005) recommends mixed-use transit supportive development for the subject site and surrounding properties.
- The *South End Vision Plan*, which was published in September 2017, garnered significant public engagement. It is a concept plan prepared by neighborhood groups and City staff. The plan set forth a vision for the area around the subject property to include significant housing and employment density and stated: “Tall buildings are both welcome and expected.” In the coming months, staff will be presenting design guidelines for the South End area that were developed as a part of this document to Council for approval. These design guidelines include requirements for ground floor doors and windows, active ground floor uses, and building entrances.
TRANSPORTATION CONSIDERATIONS
- The site is located at the unsignalized intersection of local streets. The site plan commits to streetscape as required by City ordinance. CDOT continues to request commitment to reconstruction of an inadequate curb ramp at the street corner on the site frontage.
- See Outstanding Issues, Notes 1 and 2.
- Vehicle Trip Generation:
  Current Zoning:
  - Existing Use: 0 trips per day (based on parking lot).
  - Entitlement: too many uses to determine.
  Proposed Zoning: 2,320 trips per day (based on 95 apartments and 11,000 square feet of retail).

DEPARTMENT COMMENTS (see full department reports online)
- Charlotte Area Transit System: No issues.
- Charlotte Department of Housing and Neighborhood Services: No issues.
- Charlotte Fire Department: No on street parking on Doggett Street or Hawkins Street.
- Charlotte-Mecklenburg Schools: The development may add approximately 3 students to the schools in this area if condominium units are included. Alternatively, the development may add approximately 33 students to the schools in this area if apartment units are included
  - The proposed development is projected to increase the school utilization (without mobile classroom units) as follows:
    - Barringer Elementary from 121% to 125%
    - Sedgefield Middle from 105% to 106%
    - Harding University High from 129% to 129%.
- Charlotte Water: Charlotte Water has accessible water system infrastructure for the rezoning boundary via an existing eight-inch water distribution main along Hawkins Street and Doggett Street.
  Charlotte Water concurs with the proposed rezoning under the conditions described below: The proposed rezoning is located in an area that Charlotte Water has determined to have limited sanitary sewer system capacity. After an analysis of the sanitary sewer system and the proposed development, a conditional approval of a Capacity Assurance is expected to be granted to the applicant with the understanding that the sanitary sewer cannot be provided until the completion of a public infrastructure project—Charlotte Water’s Wilmore Drive to I-77 Project. This project was identified to support current and future customers, and any proposed sanitary sewer flow shall be coordinated to discharge after completion of said project. There is an anticipated completion date of end of Summer 2019.
- Engineering and Property Management:
  - Arborist: The location of structures/driveways/other items illustrated on the site plan are conceptual in nature and do NOT confirm or imply authorization by the City to remove any City trees located in street right-of-way (Doggett Street and Hawkins Street); City Council approval of the rezoning site plan does not confirm or imply authorization by the City Arborist to remove any tree located in a public street right-of-way. No trees can be removed from the right-of-way without explicit authorization from the City Arborist or his designee.
  - Erosion Control: No issues.
  - Land Development: No issues.
  - Storm Water Services: No issues.
  - Urban Forestry: Site must comply with the Tree Ordinance.
- Mecklenburg County Land Use and Environmental Services Agency: No comments received.
- Mecklenburg County Parks and Recreation Department: No issues.

OUTSTANDING ISSUES
Transportation
1. The petitioner should revise the site plan and conditional note to specifying two curb ramps to be built at the corner of the site on Doggett Street and Hawkins Street
2. The petitioner should revise the site plan to add a note specifying all transportation improvements will be approved and constructed before the site’s first building certificate of occupancy is issued. The petitioner may phase transportation improvements if said improvements and phasing are explicitly described in site plan notes.
Site and Building Design
3. Remove Note 6a which eliminates architectural standards if the proposed building is less than 120 feet in height.
4. Show and label proposed driveway entrances along the public street.
5. Remove the portion of note 6 a. “and the additional requirements set forth herein shall not apply”.
6. Modify note viii to include “uses will be visible between two feet and 10 feet.”

THE DRAWING BELOW IS AS DESIGNED FOR A DEVELOPMENT PETITION SUBMITTED FOR MEASUREMENTS, CONTENT, AND OTHER INFORMATION AS SHOWN IN THIS DRAWING. THE DRAWING WAS PREPARED BY... APPROXIMATELY 180 FEET TO THE NORTH OF THE CONTIGUOUS STREET ENGINEERING.

IT IS APPLICABLE THAT THE DRAWING HEREIN SHOWN IS PREPARED IN CONFORMANCE TO THE REZONING PETITION FOR THE FOLLOWING SITE (AS MENTIONED IN SECTION 1 ABOVE) WHERE THE SITE'S VERTICALITY AND/OR CONSTRUCTION IS TO BE CONSISTENT WITH THE FLOORPLANS SHOWN IN THIS DRAWING, APPROXIMATELY 180 FEET TO THE NORTH OF THE CONTIGUOUS STREET ENGINEERING.

A. A REVIEW OF THE DRAWING HEREIN SHOWN IS REQUIRED TO BE CONDUCTED IN CONFORMANCE TO THE TECHNICAL SPECIFICATIONS SHOWN IN THIS DRAWING. TAKING INTO ACCOUNT THE DRAWING+, THIS REVIEW WILL BE CONDUCTED IN CONFORMANCE TO THE TECHNICAL SPECIFICATIONS SHOWN IN THIS DRAWING. TAKING INTO ACCOUNT THE DRAWING, THIS REVIEW WILL BE CONDUCTED IN CONFORMANCE TO THE TECHNICAL SPECIFICATIONS SHOWN IN THIS DRAWING. TAKING INTO ACCOUNT THE DRAWING, THIS REVIEW WILL BE CONDUCTED IN CONFORMANCE TO THE TECHNICAL SPECIFICATIONS SHOWN IN THIS DRAWING.

2. THE DRAWING美麗在以下内容所示，包括但不限于平面图、剖面图、立面图、系统图、详图及索引等。平面图通常显示了建筑的全貌，包括建筑的轮廓、主要房间和交通流线等。剖面图则展示了建筑内部的垂直结构，如楼层之间的关系。立面图则强调了建筑的外立面，显示了建筑材料、色彩和门窗等细节。系统图则详细展示了建筑的各个系统，如电气系统、给排水系统等。详图则展示了建筑的局部细节，如楼梯、门窗、构件等的构造。索引则列出了图纸中的所有内容，方便查找。

3. 对于每张图纸，都需要明确标示出图号、图名、比例、图例等内容。图号用于区分不同的图纸，图名则说明了图纸的主题或用途。比例则是图纸与实际尺寸的对应关系，以便在实际中使用。图例则用于解释图中的符号和标记，以便于读者理解图纸内容。图纸的排版和布局需要合理安排，使得内容清晰易读。

4. 在制作图纸的过程中，需要注意图纸的准确性。图纸中所有数据和信息都需要与实际相符，确保图纸的可靠性和实用性。

5. 图纸审核和签字是确保图纸质量和符合要求的重要环节。图纸审核通常由具有相应资质的专业人士进行，确保图纸内容的准确性和完整性。签字则由项目负责人或相关部门负责人进行，表示对图纸内容的认可和批准。

6. 图纸的发放和管理也是图纸工作中的一项重要内容。图纸需要按照规定的时间和方式发放给相关人员，以便他们在工作中使用。图纸的管理则需要建立相应的制度，确保图纸的完整性和安全性。
