Rezoning Petition Review

To: Tammie Keplinger, CMPC

From: Doug Lozner

Date of Review: December 18, 2017

Rezoning Petition #: 17-190 (*Revised January 22, 2018*)

Existing Zoning: R-4

Proposed Zoning: UR-2 (CD)

Location of Property: Approximately 9.82 acres located on the east side of Sugar Creek Rd, east of Merlane Drive.

Recommendations

Concerning Storm Water: Please revise Note-7b under the Environmental Features heading to read as follows: *The location, size, and type of storm water management systems depicted on the Rezoning Plan are subject to review and approval as part of the full development plan submittal and are not implicitly approved with this rezoning. Adjustments may be necessary in order to accommodate actual storm water treatment requirements and natural site discharge points.*

Please include the following note under *Environmental Features*:
For adjoining parcels receiving stormwater discharge from the proposed BMP/Water Quality feature, the petitioner shall analyze the adequacy of the existing stormwater conveyance on the adjoining parcels. If the existing stormwater conveyance on the adjoining parcels is found to be inadequate, the Petitioner shall make a good faith effort with the property owner(s) to improve the stormwater conveyance or mitigate the stormwater discharge onto the adjoining parcels.

Recommendations

Due to revisions:

No additional recommendations are needed at this time.
