

## Petition No: 2017-192

---

### IMPACT UNDER CURRENT ZONING

*Number of housing units allowed under current zoning:* The approximately 3.45 acres zoned O-1 would allow approximately 41.4 dwelling units.

The subject property is developed with a retail building.

*Number of students potentially generated under current zoning:* 15 students (8 elementary, 4 middle, 3 high).

### IMPACT OF THE PROPOSED DEVELOPMENT

*Proposed Housing Units:* The conditional UR-2(CD) zoning request seeks to allow 180 multi-family dwelling units, in no more than 12 principal buildings limited to three stories in height.

*CMS Planning Area:* 5, 6, 7, 8, 9

Average Student Yield per Unit: 0.3661

This development may add 66 student(s) to the schools in this area.

The following data is as of 20<sup>th</sup> Day of the 2017-18 school year.

### RECOMMENDATION

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about rezoning cases where school utilization exceeds 100% since the proposed development may exacerbate those situations. Approval of this petition may increase overcrowding and/or reliance upon mobile classrooms at the schools listed above.

The total estimated capital cost of providing the additional school capacity for this new development is \$1,473,000; calculated as follows:

Elementary School: **35**x \$20,000 = \$700,000

Middle School: **16**x \$23,000 = \$368,000

High School: **15**x \$27,000 = \$405,000

CMS recommends that the petitioner/developer schedule a meeting with staff to discuss mitigation of the cost to improve the adequacy of school capacity at the potentially affected schools.
