**STAFF
RECOMMENDATION**

Staff recommends approval of this conventional petition.

Plan Consistency

The petition is consistent with the *Central District Plan* recommendation for retail uses as amended by rezoning petition 2008-028.

Rationale for Recommendation

- The site is currently developed with a retail use and was rezoned via Petition 2008-028 to allow an expansion of the use.
- The site is located on a section of The Plaza that is a commercial corridor with serves surrounding neighborhoods. With only a few exceptions, zoning along the street is primarily conventional.
- The retail and office uses allowed by B-1(neighborhood business) zoning could provide goods and services to the residents of the adjoining neighborhoods.

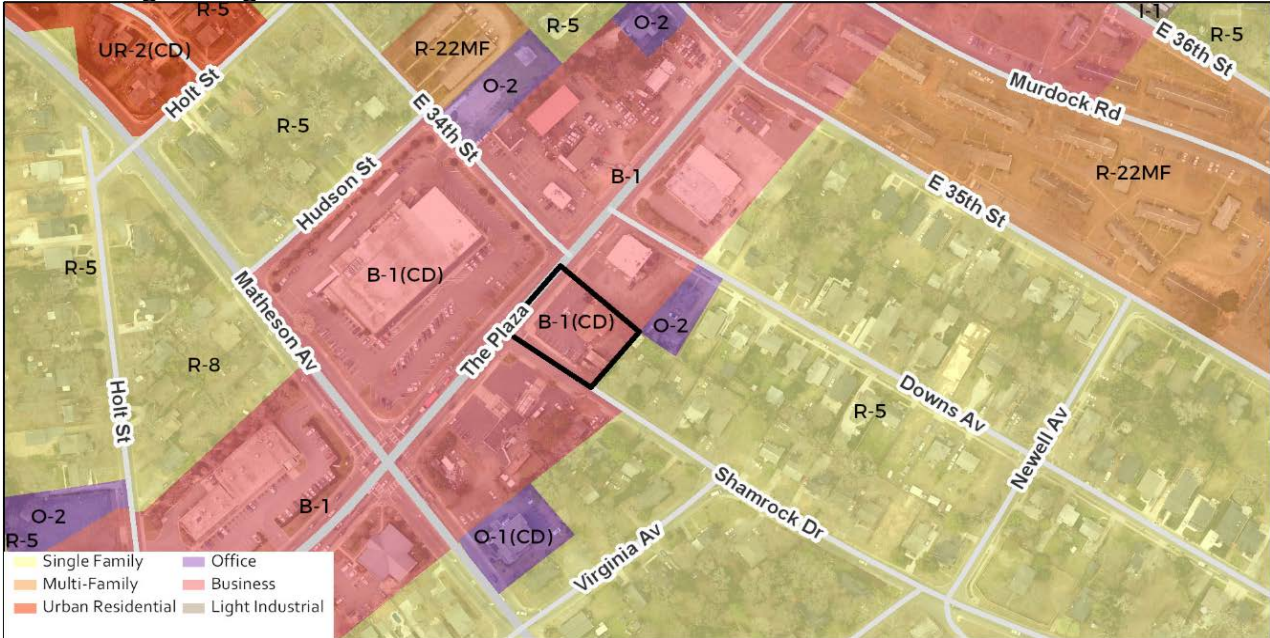

PLANNING STAFF REVIEW

Proposed Request Details

This is a conventional rezoning petition with no associated site plan.

- Uses permitted in the B-1 (neighborhood business) district by-right and under prescribed conditions include: barber and beauty shops, dry cleaning and laundry establishments, health institutions, indoor recreation, residential uses, and offices up to 100,000 square feet.

- Petition 2008-028 rezoned the subject property to B-1(CD) (neighborhood business, conditional) for development of a new 3,000-square foot retail automotive shop.
- The subject property is developed with a retail use.
- Surrounding properties fronting The Plaza contain nonresidential uses in B-1 (neighborhood business) zoning. Adjacent properties are developed primarily with residential uses.

Properties along The Plaza are developed with a mix of retail uses.
