**ZONING COMMITTEE
ACTION/ STATEMENT
OF CONSISTENCY**

The Zoning Committee voted 7-0 to recommend APPROVAL of this petition and adopt the consistency statement as follows:

This petition is found to be inconsistent with the *Central District Plan*, based on the information from the staff analysis and the public hearing and because:

- The area plan recommends multi-family residential uses.

However, we find this petition to be reasonable and in the public interest based on information from the staff analysis and the public hearing and because:

- The site is appropriate for office use given its location along Statesville Avenue and within the mixed use neighborhood of Brightwalk; and
- The office use is compatible with and supports the mix of use along Statesville Avenue and the adjacent Brightwalk Retail Village located directly across Newland Road; and
- The site design strengthens and supports the desired pedestrian-oriented development form along Statesville Avenue with the building oriented to the street and a plaza area at the intersection of Newland Avenue; and
- The site design accommodates the future alignment of the drive entrance with Double Oaks Road, which would improve connectivity in the community.
