**STAFF  
RECOMMENDATION**

Staff recommends approval of this petition.

Plan Consistency

The petition is consistent with the *Northeast Area Plan*, which recommends office/retail uses.

Rationale for Recommendation

- The site is located on the west side of John Adams Road, north of W. Mallard Creek Church Road.
- The site is adjacent to large lot residential that is currently zoned R-3; however, those parcels and all surrounding parcels are recommended to be redeveloped for a mix of office, retail, and research uses over time. The proposed O-1 district is compatible with those future uses.
- The O-1 zoning district allows office uses that are consistent with the vision for a Neighborhood Center in this area.

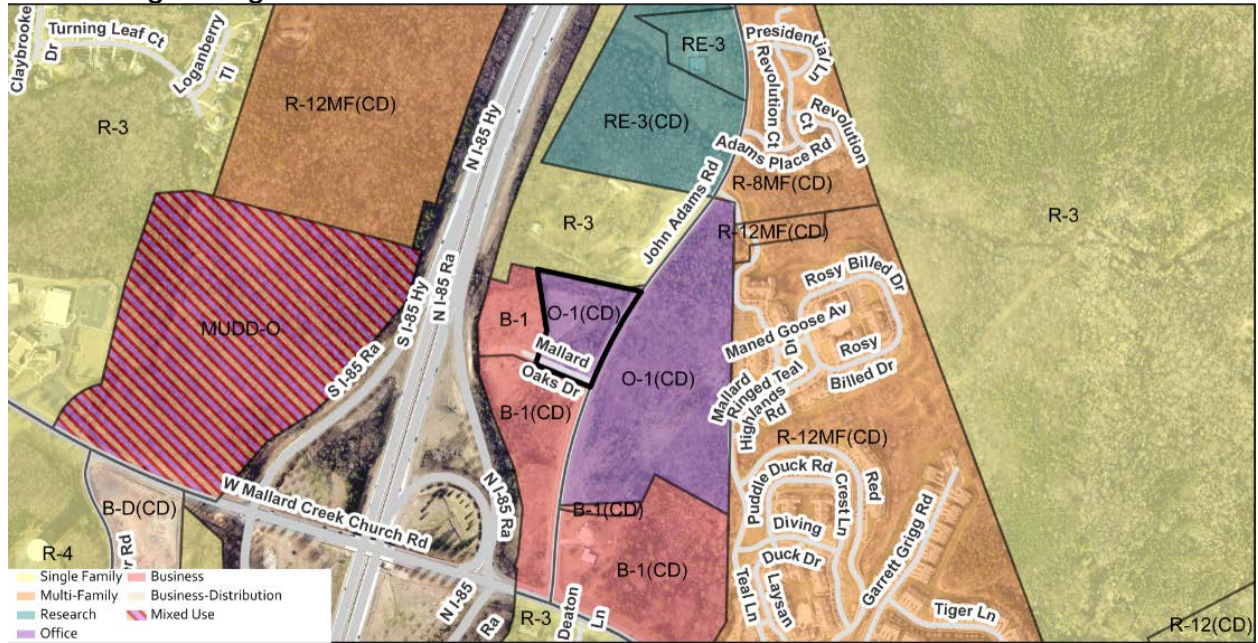

- There are no critical infrastructure projects, connections, or unique conditions that would warrant a conditional rezoning for this site.

**PLANNING STAFF REVIEW**

• **Proposed Request Details**

- This is a conventional rezoning petition with no associated site plan. All the standards, regulations and uses in the O-1 (office) district will apply. Uses allowed in the O-1 (office) district include: barber and beauty shops, dwellings, medical clinics, and offices.

• **Existing Zoning and Land Use**

- Petition 1998-003C rezoned the subject property to O-1(CD) (office, conditional). The subject site is identified as Parcel II and allows one or two hotels containing up to 180 rooms, which can be converted to office space at a specified rate.
- The subject property is zoned O-1(CD) (office, conditional), and is vacant.
- Abutting the site to the north is a single family residential use with the remaining surrounding properties being vacant.
- West of the site is the Interstate 85 corridor.

The subject property is vacant.

The property to the east across John Adams Road is vacant.

The property to the south across Mallard Oaks Drive is vacant.

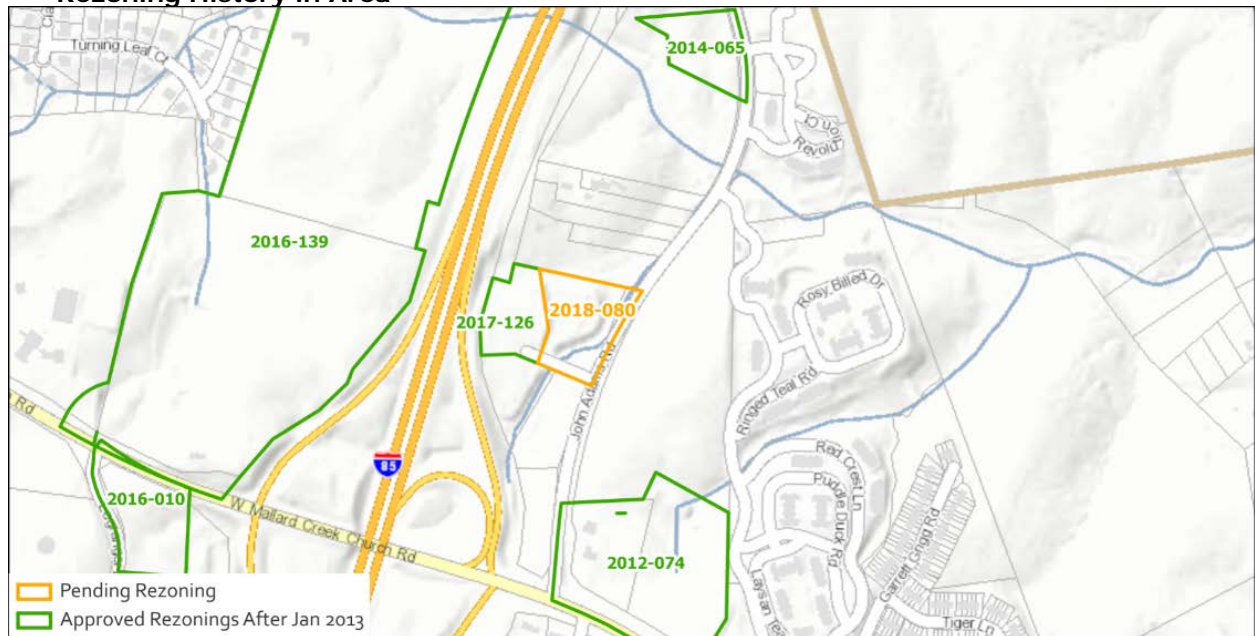

The property to the north is developed with a single family home along John Adams Road.

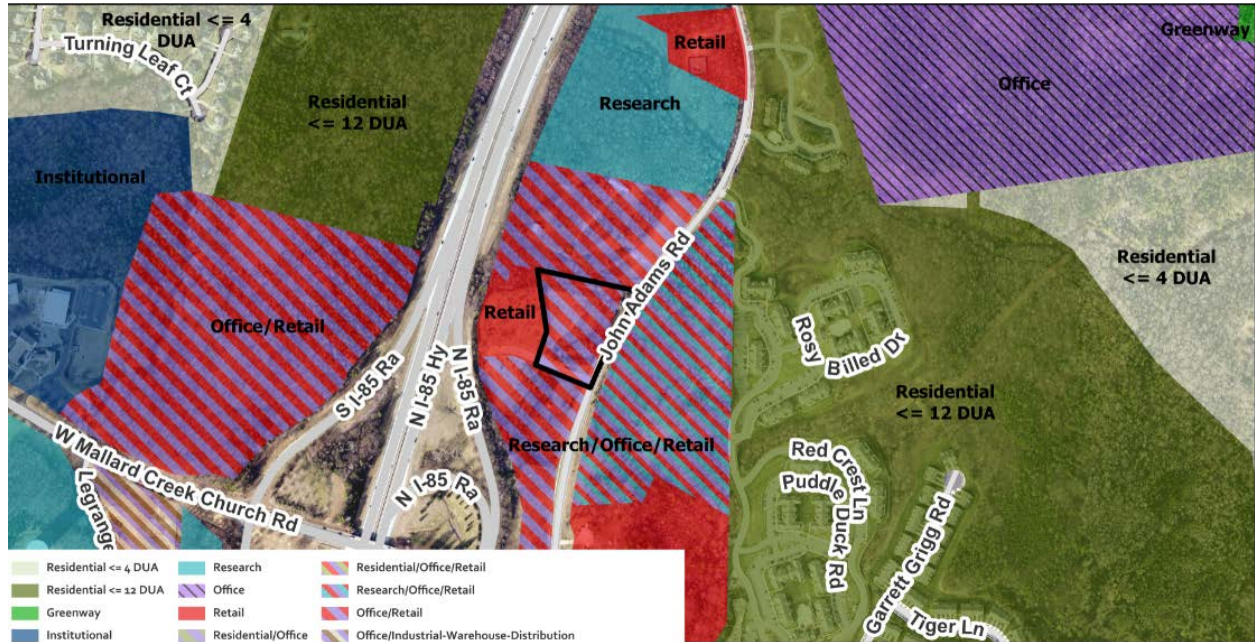

The property to the west on Mallard Oaks Drive is vacant.

• **Rezoning History in Area**

Petition Number	Summary of Petition	Status

• **Public Plans and Policies**

- The *Northeast Area Plan* (2000) recommends office/retail uses for the area in which the site is located. Per the plan, retail uses should not exceed 100,000 square feet.
- The plan recommends a Neighborhood Center in this vicinity, generally constituting the retail uses noted above.

• **TRANSPORTATION CONSIDERATIONS**

- The site is located on a local street approximately 1,000 feet from West Mallard Creek Church Road (major thoroughfare). John Adams Road is 36 feet from back-of-curb to back-of-curb within a 65-foot right-of-way. There is a six-foot sidewalk at back-of-curb along the John Adams Road frontage. During permitting, CDOT will work with the petitioner to upgrade the planting strip and sidewalk to current city standards.

• **Vehicle Trip Generation:**

Current Zoning:

Existing Use: 0 trips per day (based on vacant land).

Entitlement: 850 trips per day (based on 104 hotel rooms).

Proposed Zoning: 540 trips per day (based on 31,500 square feet of office).
