**STAFF
RECOMMENDATION**

Staff recommends approval of this petition upon resolution of outstanding issues related to site and building design.

Plan Consistency

The petition is **consistent** with the *Charlotte Center City 2020 Vision Plan*. While this plan does not make a specific land use recommendation for the site, the plan encourages future development that contributes to the overall viability and livability of Center City.

Rationale for Recommendation

- The petition proposes to increase the allowed signage for the practice facility for the Carolina Panthers.
- The impact to surrounding developments will be minimal. The street trees and street create a buffer from the nearby multi-family. The impact to adjacent institutional is minimal as the signs will face the back of the institutional building and the commercial use is separated by surface parking.

- All other signage will conform to the MUDD zoning district standards.

- To allow permanent signs/banners to be located along the perimeter fences of the practice fields on all sides except the exterior of the fence located adjacent to S Cedar Street.
