**ZONING COMMITTEE
ACTION/ STATEMENT
OF CONSISTENCY**

The Zoning Committee voted 7-0 to recommend APPROVAL of this petition and adopt the consistency statement as follows:

This petition is found to be **consistent** with the *Mt. Holly Road Special Project Plan*, based on the information from the staff analysis and the public hearing and because:

- The plan recommends up to 8 dwelling units per acre as amended by rezoning petition 2005-150.

Therefore we find this petition to be reasonable and in the public interest based on information from the staff analysis and the public hearing and because:

- The current zoning for the subject site allows for multi-family residential uses.
- The proposed site plan amendment will allow up to 152 single family attached residential units.
- The proposal does not increase the land use entitlements approved with the original rezoning plan.
- The petition provides architectural standards for the proposed homes.
- The proposed project maintains connectivity previously approved to adjacent existing and proposed roads to enhance the road network in this area.
